

flat bundles, slugs, Special Delivery or Special Handling parcel post."

Additional instructions are contained in the document to assign mail handlers to "Cull/separate mail by type/characteristics and make basic local/out-of-town splits to trays, hampers, gurneys, conveyers, nutting trucks, or other containers" in Operations 110-129 and 180-189.

There has been some confusion as to the distinction between "basic local/out-of-town splits," which is assigned to mail handlers, and distribution, which is assigned to clerks.

The term distribution, as defined in Section 521.2 of the M-32 Handbook, includes a sortation of mail to ADC's, states, sectional centers, cities, foreign countries, official mail, associate offices, stations, branches, carrier routes, holdouts (e.g., firms, addresses, institutions, boxes), box sections, ZIP Codes, uncoded mail, nixie, APO, FPO, or similar separations.

All distribution of mail in Operations 110-129 and 180-189 is the work of the clerk craft.

The Unions signatory to this Memorandum of Understanding are not bound by any other agreement or Letter of Intent between the Employer and any other Union.
