Dear Mr. Wilson:

On February 7, 1984, we met to discuss the above-captioned grievance at the fourth step of our contractual grievance procedure.

The question in this grievance is whether management properly assigned an employee in accordance with ELM 546.

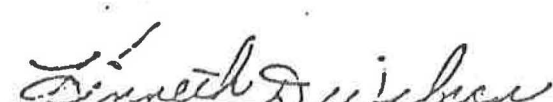

During our discussion, it was mutually agreed that the following would represent a full settlement of this case:

1. No former full-time regular shall be reemployed as an unassigned regular where a residual vacancy exists and the employee's physical condition would not prohibit the employee from fulfilling the duties of the residual vacancy in question.
2. A former full-time regular employee reemployed under 546.212 of the Employee and Labor Relations manual as an unassigned regular shall be placed into the first residual vacancy that the employee is physically capable of performing, unless that employee is deemed the successful bidder for another position.

Please sign and return the enclosed copy of this letter as your acknowledgment of agreement to settle this case.

Sincerely,

  
Thomas J. Tang  
Labor Relations Department

The first thing I noticed when I stepped  
 out of the car was the smell of  
 fresh air. It was a relief after  
 being stuck in traffic for hours.  
 The sun was shining brightly, and  
 the birds were chirping happily.  
 It felt like a new beginning.

I had heard that the weather was  
 perfect, and now I knew it was  
 true. The temperature was just  
 what I needed. I took a deep  
 breath and smiled. Life was  
 good. I was going to enjoy  
 every moment of it.
