Dear Mr. Anderson:

On July 5, 1983, we met to discuss the above-captioned case at the fourth step of the contractual grievance procedure set forth in the 1981 National Agreement.

The question raised in this grievance involved an allegation that the Bulk Mail Clerk, PS-5, is performing the duties of a Bulk Mail Technician, PS-6.

After further review of this matter, we mutually agreed that no national interpretive issue is fairly presented in the particulars evidenced in this case.

The determination of whether higher level work was performed is a factual dispute suitable for regional determination. The parties at Step 3 should apply the core duties of the Bulk Mail Technician, PS-6, to the work performed for a determination of whether higher level pay is warranted. Whether a position is needed in a particular installation is not a national interpretive question.

Accordingly, as we further agreed, this case is hereby remanded to the parties at Step 3 for further processing if necessary.

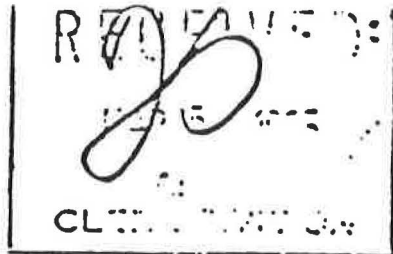

Please sign and return a copy of this letter as your acknowledgment of agreement to remand this case.

Sincerely,

C. D. Robinson

Dear Mr. Anderson:

On February 21, 1985, we met to discuss the above-captioned case at the fourth step of the contractual grievance procedure set forth in the National Agreement.

The question raised in this grievance involved whether the Custodial Laborer, Level 3 and the Fireman-Laborer, Level 4 are entitled to higher level pay, when cleaning the canceling machines.

After further review of this matter, we mutually agreed that no national interpretive issue is fairly presented in that this type of work is the same type of duties that a Mechanic-Helper, who is a level 4, would perform.

Accordingly, as we further agreed, this case is hereby remanded to the parties at Step 3 for further processing, if necessary.

Please sign and return the enclosed copy of this letter as your acknowledgment of agreement to remand this case.

Sincerely,

Michael A. Hubbard
