Re: Pollack  
Pittsburgh BMC, PA 15090  
H1T-2F-C 2933

Dear Mr. Anderson:

On March 8, 1984, we met to discuss the above-captioned case at the fourth step of the contractual grievance procedure.

The question raised in this grievance involved higher level pay for General Mechanics, who perform preventive maintenance at the Pittsburgh BMC.

After further review of this matter, we mutually agreed that no national interpretive issue is fairly presented in the particulars evidenced in this case. Whether or not the general mechanic was performing duties which would be considered significant to warrant higher level pay can only be determined by application of the duties and responsibilities as provided by the subject job descriptions to the specific fact circumstances involved. Therefore, this case is suitable for regional determination.

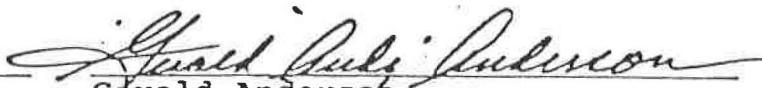

Accordingly, as we agreed, this case is hereby remanded to the parties at Step 3 for further processing if necessary.

Please sign and return a copy of this letter as your acknowledgment of agreement to remand this case.

Time limits were extended by mutual consent.

Sincerely,

  
Thomas J. Lang
