Dear Mr. Guffey:

On October 9, 1987, we met to discuss the above-captioned grievance at the fourth step of our contractual grievance procedure.

The issue in this grievance is whether management is properly compensating level 4 mail processors when they are assigned to Operation 112 at their own rate of pay.

After reviewing this matter, we mutually agreed that no national interpretive issue is fairly presented in this case. Preparation of machineable mail is required on automated equipment, and is performed by level 4 mail processors.

Accordingly, we agreed to remand this case to the parties at Step 3 for further processing, including arbitration if necessary.

Please sign and return the enclosed copy of this letter as your acknowledgment of agreement to remand this case.

Time limits were extended by mutual consent.

Sincerely,

James E. Leahy

Dear Mr. Wilson:

On September 6, 1984, we met to discuss the above-captioned grievance at the fourth step of our contractual grievance procedure.

This grievance involves whether Level 3 Mail Processors are being improperly utilized at the Jacksonville facility.

During our discussion, we agreed to settle this case based on our understanding that during temporary periods when work on the automation equipment is not available, Level 3 Mail Processors may be utilized consistent with the provisions of Article 7. In addition, Article 25 permits the assignment of these employees to perform higher level duties for which they are qualified.

Please sign and return the enclosed copy of this decision as your acknowledgment of agreement to settle this case.

Sincerely,

Margaret H. Oliver
