Dear Mr. Wilson:

On April 10, 1984, we met to discuss the above-captioned grievance at the fourth step of our contractual grievance procedure.

The issue in this grievance is whether there is a 50 flat per minute work standard for the MPFSM.

After further review of this matter, we agreed that there have been no national work standards established for the MPFSM. We also agreed that when these standards are developed they will be done in accordance with Article 34.

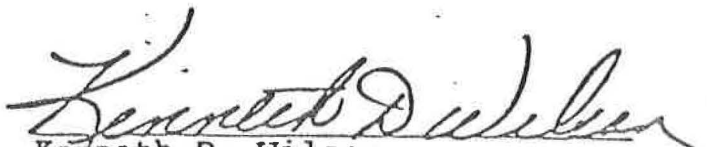

Accordingly, as we further agreed, this case is hereby considered closed.

Please sign and return the enclosed copy of this decision as acknowledgment of our agreement to close this grievance.

Time limits were extended by mutual consent.

Sincerely,

A. J. Johnson

Dear Mr. Wilson:

On April 27, 1983, we met to discuss the above-captioned case at the fourth step of the contractual grievance procedure set forth in the National Agreement.

The question raised in this grievance involved whether reference to casing speed goals on a Form 1750 violated Article 34 of the National Agreement.

After further review of this matter, we mutually agreed that no national interpretive issue is fairly presented in the particulars evidenced in this case. Whether or not a local standard has been established that violates the provisions of Article 34 is not a national interpretive question.

Accordingly, as we further agreed, this case is hereby remanded to the parties at Step 3 for further processing, if necessary.

Please sign and return the enclosed copy of this letter as your acknowledgment of agreement to remand this case.

Sincerely,

Margaret H. Oliver
