Re: Class Action
Oklahoma City, OK 73125
H1C-3T-C 19563

Dear Mr. Wilson:

On July 18, 1983, we met to discuss the above-captioned case at the fourth step of the contractual grievance procedure set forth in the 1981 National Agreement.

The question raised in this grievance is whether management must post all details in excess of two weeks.

After further review of this matter, we mutually agreed that no national interpretive issue is fairly presented in the particulars evidenced in this case. Article 25 of the National Agreement sets forth the selection process for detailing employees to higher level details. In this context, management is not required to "post" higher level details. Accordingly, whether or not management properly selected employees for higher level details can only be determined by application of Article 25 to the fact circumstances.

For the above reason, we agreed to remand this case to the parties at Step 3 for further processing, if necessary.

Please sign and return a copy of this letter as your acknowledgment of agreement to remand this case.

Sincerely,

Leslie Savitts
