FORWARD: *"Show me where it's written"* is probably the most often heard statement made to stewards and officers. It's made by members, fellow stewards and officers, management, and even arbitrators. This is particularly perplexing when dealing with issues regarding PSEs, because *"where it's written"* is located at various sources, including the Articles listed in the National Agreement, the Appendixes and Addendums in the back of the CBA, various MOUs, Settlements & Q&As, e-mail communications, subsequent MOUs and changes to JCIM language, handbooks and manuals, as well as arbitration awards.

The following reference chart was developed to provide stewards and officers a quick reference guide regarding PSE issues. It also shows the interaction that PSE issues have among the various Crafts. The chart is current through the effective dates of the September 21, 2021 – September 20, 2024, Collective Bargaining Agreement, and other sources. Obviously, updates will be needed in the future, but for now this chart should provide stewards and officers a *bona fide* guide to answer the statement: *Show me where it's written"*.

Re: Postal Support Employee (PSE) District /ISC Cap Violations (Internat'l Svc Centers)

DIRECTOR's NOTE: THE APPROPRIATE REMEDY - In any grievance where someone performs clerk craft work in violation of the CBA, to include PSE violations under Article 7, the appropriate remedy is to compensate the appropriate bargaining unit employees for all time the identified employee spent performing our work in violation of the CBA.

CLERK CRAFT - Function 1 and Function 4

5. In the Clerk Craft, the total number of PSEs used in mail processing (Function 1) within a District, will not exceed 20% of the total number of career mail processing (Function 1) Clerk Craft employees within that District, except in accounting periods 3 and 4.

The total number of PSEs used in retail/customer services (Function 4) within a District will not exceed 20% of the total number of career retail/customer services (Function 4) Clerk Craft employees within that District.

The number of PSEs derived from the retail/customer services (Function 4) percentage may be used in Function 1 and when doing so will not count against the 20% mail processing (Function 1) District cap.

(PSEs employed in POSTPlan offices will not count against the 20% district cap except as provided for in the POSTPlan Memo Re: *POSTPlan: Staffing of Offices, Filling of Assignments, PSE Usage and Conversions* dated 9/22/2014)

6. In Level 22 and above office, PSEs in retail/customer services (Function 4) who work the window will not exceed 10% of the career retail clerks in that installation whose duties include working the window. The rounding-up rule of .5 and above applies.

In Level 21 and below offices, PSEs in retail/customer services (Function 4) who work the window will not exceed 20% of the career retail clerks in that installation whose duties include working the window. The rounding up rule of .5 and above applies.

When the hours worked by a PSE on the window demonstrates the need for a full-time preferred duty assignment, such assignment will be posted for bid within the section.

PSEs who work the window may work in relief of employees holding duty assignments on the window.

- X-Ref: November 2022 JCIM, Article 7.1.B.4 and 7.1.B.5, PSE WORK ASSIGNMENTS, Article 7, p 3 & 4 [pp 38 & 39]

NOTE: Again, PSEs employed in POSTPlan offices will not count against the twenty percent (20%) district cap except as provided for in the POSTPlan Memo Re: *POSTPlan: Staffing of offices, Filling of Assignments, PSE Usage and Conversions* dated 9/22/2014.

- **PSE PERCENTAGE CAPS –
Can a Clerk Craft PSE hired in one installation be utilized in a different installation? YES**

- For purposes of determining the percentages of PSEs who may work the window any career clerks are counted (both FTR and PTF) whose duty assignments include a position description with window responsibility (e.g., SSA, SSDA, LSSA, etc.). Window duties will not be unnecessarily added to duty assignments solely to circumvent this restriction.
- The total number of PSEs used within an International Service Center (ISC) will not exceed twenty percent (20%) of career clerks in the facility. The twenty percent (20%) limitation in the ISCs will not apply in accounting periods 2 and 3 (LAX and SFO) and in accounting periods 3 and 4 (MIA, JFK and ORD).
- **Ref: November 2022 JCIM, Article 7.1.B.5 and 7.1.B.6, PSE WORK ASSIGNMENTS, Article 7, pages 3 and 4. [pp. 37 and 38]**

A Clerk Craft PSE hired in one installation may be utilized in a different installation when needed. However, such utilization should not be to the detriment of PTF clerks available through the HUB Clerk MOU and, if utilized in customer service/retail (Function 4) the PSE would be subject to the gaining installation’s PSE caps for that function. If the gaining office is in a different District, the PSE must be counted against both Districts’ PSE caps.

- **Ref: November 2022 JCIM, Article 7.1.B.5 and 7.1.B.6, PSE WORK ASSIGNMENTS, Article 7, page 4. [p. 39]**

- **PSE PERCENTAGE CAPS -
“NEW WORK” Exclusions
to Clerk Craft Caps**

In addition to the caps in paragraph 4 above, PSEs will not be counted towards the allowable percentages of PSEs within a District when employed for new work that is brought into the bargaining unit covered by this Agreement, including work being contracted out that is brought in-house as follows:

- a. In the Clerk Craft, in any former Contract Postal Unit (CPU) that is brought back in-house, unless it is a full-service unit or it primarily provides postal services.
- b. The Employer and the Union may agree upon the use of additional PSEs in other circumstances when new or contracted work is brought in-house, or when new retail initiatives that are not full-service post offices are established.

- **CONVERSIONS –
Conversions of CLERKS**

D. Postal Support Employee (PSE) Career Opportunity

1. The Employer will maintain a single clerk PSE roll in each installation.
2. Conversion of PSEs to full-time residual duty assignments will occur only after any Part-Time Flexibles (PTFs) within the installation are converted. PTF assignments, if operationally needed, will be filled in accordance with the procedures below.

a. Part-Time Flexible (PTF) Assignments

Match the number of PTF assignments to be filled with the identical number of PSEs based upon their relative standing on the roll. These PSEs will be converted no later than the first day of the third full pay period after the close of the posting cycle, except in the month of December, subject to the provisions in 37.5.D.3 below.

b. Full-Time Duty Assignments

(1) Senior Qualified Duty Assignments

- (a)** Match the number of duty assignments to be filled with the identical number of PSEs based upon their relative standing on the roll, who are eligible to state a preference on the duty assignment(s). If there is more than one assignment, PSEs who are currently qualified on two or more of the available duty assignments shall be given a choice in order of their relative standing on the PSE roll.
- (b)** PSEs who are currently qualified on the duty assignment will be placed in the assignment no later than the first day of the third full pay period after the Close of the posting cycle, except in the month of December.
- (c)** PSEs who are partially or not currently qualified will be placed into training for the assignment they preferenced based on their relative standing, within ten (10) days, subject to the provisions in 37.5.D.3 below, except in the month of December.

(2) Best Qualified Duty Assignments

If an opportunity for conversion is to a best qualified full-time Clerk Craft duty assignment, applications from PSEs will be accepted and the successful applicant shall be converted and placed in the duty assignment no later than the first day of the third full pay period after the close of the posting cycle, except in the month of December.

3. When converting PSEs to residual Function 4 duty assignments with window duty requirements, the conversion to career will be deferred, if necessary, until after the PSE with the highest relative standing is provided an opportunity to train and qualify on window requirements. Any PSE who fails to qualify under this opportunity will remain in a PSE status, with the same relative standing, for future conversion opportunities. PSEs who fail to qualify on the window requirements will serve the 180-day restriction provided in Article 37.3.F.7.b. Once a PSE qualifies for the assignment, Clerk Craft seniority will be adjusted to the day the employee received the initial assignment, pending qualification. There will be no retroactive compensation due to this adjustment.
4. A PSE who expresses a preference may not withdraw from the assignment or from training unless a new conversion opportunity to a residual vacancy subsequently occurs. A PSE in training shall have the option of either remaining in training for the existing preference or to state a preference, in order of their relative standing on the PSE roll, for one of the new assignments.

Conversion of Clerks into a
Residual Clerk Craft duty
assignment**

Re: Residual Vacancies – Clerk Craft

The parties agree to the following procedures during the term of the **2021** Collective Bargaining Agreement to fill Clerk Craft residual vacancies that are not subject to a proper withholding order pursuant to Article 12 of the CBA.

In order to revert a residual Clerk Craft duty assignment, the procedures listed in the terms of the Memorandum of Understanding (MOU) concerning Reversion of Withheld/ Residual Vacancies dated November 7, 2011 shall be followed.

A. Residual duty assignments will be filled in the following order:

...

6. Residual vacancies that remain after Item 5 above will be filled by the:

- a) conversion of Postal Support Employees (PSEs) within the same installation; or,
- b) acceptance and placement of voluntary reassignment (transfer) requests pending in eReassign from bargaining unit employees who meet the minimum qualifications (including full and part-time Clerk Craft employees) or reassignment of bargaining unit employees within the installation. Employees from other APWU crafts in an impacted installation will receive priority consideration.

If there are insufficient requests from bargaining unit employees who meet the minimum requirements, non-bargaining unit employees may be reassigned to a full-time regular opportunity.

Reassignment requests will be made with normal considerations contained in the Memorandum of Understanding, Re: *Transfers*, based on the order the applications are received. The number of career reassignments allowed under this paragraph is limited to one (1) in every four (4) full-time opportunities filled in offices of 100 or more work-years and one (1) in every six (6) full-time opportunities filled in offices of less than 100 work-years. At least three (3) or five (5), as applicable, of full-time opportunities will be filled by conversion of PSEs to full-time regular career status based on their relative standing in the same installation as the full-time opportunities. **For the first full-time opportunity in each block of four (4) or six (6), if the relative standing date of the PSE within the installation (bid cluster) is older than the date of the request for a transfer to the installation, the PSE will be converted. The process will be continuous, in blocks of four (4) or six (6), as applicable.** Such conversions will take place no later than the first day of the third full pay period after either the close of the posting cycle or, when an employee is being considered

for transfer, the date the employee or employer rejects the offer/request.

7. Clerk Craft PTFs/PSEs who express a preference from an installation within a 50-mile geographic radius. All Clerk Craft PTF applicant(s), by installation seniority order, will be processed ahead of PSE applicant(s). In the event there are no PTF applicants, the PSE with the highest installation standing within the 50 miles will be selected. PTF placement in the assignment or conversion of PSEs to career will take place no later than the first day of the third full pay period after either the close of the posting cycle or, when an employee is being considered for transfer, the date the employee/employer rejects the offer/request. Normal considerations contained in the Transfers MOU will not apply.

B. When there is a demonstrated need to create and/or fill PTF assignments, such assignments will be filled in the following order:

1. conversion of Clerk Craft PSEs within the installation by relative standing no later than the first day of the third full pay period after either the close of the posting cycle or, when an employee is being considered for transfer, the date the employee/ employer rejects the offer/request;

2. Offer to Clerk Craft PTFs/PSEs working in an installation within a 50-mile radius of the installation with the vacancy. All Clerk Craft PTF applicant(s), by seniority order, will be processed ahead of PSE applicant(s). In the event there are no PTF applicant(s), the PSE with the highest installation standing within the 50 miles will be selected. PTF placement or conversion of PSEs to career will take place no later than the first day of the third full pay period after either the close of the posting cycle or, when an employee is being considered for transfer, the date the employee/ employer rejects the offer/request. Normal considerations contained in the Transfers MOU will not apply.

C. All residual vacancies will be made available through eReassign for a period of twenty-one (21) days. The results of this posting will be determined by the application of items 3 - 6 above.

D. When converting PSEs to residual Function 4 duty assignments with window duty requirements, the conversion to career will be deferred, if necessary, until after the PSE(s) with the highest relative standing is provided an opportunity to train and qualify on window requirements. Any PSE who fails to qualify under this training opportunity, will remain in a PSE status, with the same relative standing, for future conversion opportunities. PSEs who fail to qualify on the window requirements will serve the 180-day restriction provided in Article 37.3.F.7.b.

- **SSDA TRAINING - Training for SSDA residual vacancy which requires scheme? Window training first, then scheme training.**

DIRECTOR’S NOTE: A PSE converted into a duty assignment requiring SSA duties will be converted immediately if they are window qualified. A PSE who is not window qualified and converted into a duty assignment requiring SSA duties will be scheduled for window training and must pass the test prior to conversion.

DIRECTOR’S NOTE: If PSE preferences a SSDA residual vacancy which requires scheme, the PSE is placed into window training first. Upon completing and qualifying on the window training portion of the duty assignment, PSEs will be converted to career status. Their seniority date will be adjusted as if they had been converted to career when they initially gained the job assignment.

26. Does a Postal Support Employee who qualifies on a scheme, machine skill, window, etc., have a live record which carries over into career employment?
Response: Yes. A live record or a scheme or machine skill for PSEs begins when they qualify and ends two years after they discontinue using the skill. A live record for PSEs on the window or other job listed in Article 37.3.F.7 begins upon qualification and continues for five years after the employee discontinues performing the duties requiring the skills.

DISCIPLINE ISSUED TO PSEs

NOTE: Ref: Language at the end of Article 16, DISCIPLINE PROCEDURE [p. 111]

(Additional provisions regarding the discipline or removal of PSEs can be found in the APWU Postal Support Employee Memoranda, page 271)

PSEs may be disciplined or removed within the term of their appointment for just cause and any such discipline or removal will be subject to the grievance-arbitration procedure, provided that within the immediately preceding six months, the employee has completed ninety (90) work days, or has been employed for 120 calendar days, whichever comes first.

In the case of removal for cause within the term of an appointment, a PSE employee shall be entitled to advance written notice of the charges against him/her in accordance with the provisions of Article 16 of the National Agreement.

PSEs may be separated at any time during their term of appointment for lack of work. Separations for lack of work shall be by inverse relative standing on the appropriate PSE roll. Such separations are not grievable except where the separations are pretextual. ...

The parties further agree that such discipline is subject to the grievance-arbitration procedure.

- The parties recognize that removal is not the only mechanism available to correct deficient behavior when warranted,
- The full range of progressive discipline is not always required for PSEs; however, the parties agree that an appropriate element of just cause is that discipline be corrective in nature, rather than punitive.
- The parties agree that PSEs will not be non-scheduled because of misconduct as a substitute for discipline which would be otherwise appropriate.
- The parties agree that this MOU fully and completely resolves national dispute Q10C-4QC 13016809. All grievances concerning PSE discipline currently filed, and/or held in abeyance pending the national dispute, shall be discussed and resolved in accordance with the language above.

HEALTH INSURANCE

The method of determining health benefit premiums for APWU bargaining unit employees is calculated by the Federal Government’s weighted average formula. The formula considers the number of federal and postal employees who elect coverage in any given plan and option.

The Office of Personnel Management (OPM) calculates the subscription charges that will be in effect beginning each January with respect to self only enrollments, enrollments, and self and family enrollments.

For career employees, the bi-weekly Employer contribution for self only, self plus one, and self and family plans in Plan Year **2022, 2023, 2024, and 2025** is adjusted to an amount equal to **72%** of the weighted average bi-weekly premiums under the FEHBP as determined by the Office of Personnel Management (OPM), and will not exceed **75%** for any individual plan.

...

The Postal Service will make a biweekly contribution equal to 65% of the total premium for an PSE who wishes to participate in the USPS Noncareer Health Care Plan (USPS Plan) for either self plus one or family coverage during the PSE’s initial year of PSE employment. After the PSE’s first year of employment, the Postal Service will make a biweekly contribution equal to 75% of the total premium for either self plus one or family coverage.

...

	<p>After an initial appointment for a 360-day term and upon reappointment to another 360- day term, any eligible non-career PSE employee who wants to participate in the Federal Employees Health Benefits (FEHB) Program on a pretax basis will be required to make an election to do so in accordance with applicable procedures. ... New PSEs earn annual leave but are not credited with the leave and may not take it until they have completed 90 days of continuous employment under one or more appointments, provided the PSE has sufficient accrued leave to cover the absence and has requested annual leave in accordance with the PSE Annual Leave Provisions, Section IV. Upon beginning any subsequent term after the 5- day break in service, a PSE does not have to wait an additional 90 days, but must have earned sufficient accrued leave to cover any requested and approved absence.

... PSEs with a minimum of 90 days of continuous service as a PSE prior to conversion to career status will be exempt from the 90-day qualifying period as written in the ELM 512.313. Any break in service as required by Appendix A, Section 1.b will not impact this continuous service.

On any given day, when a Postal Support Employee (PSE) or a Part-Time Flexible (PTF) employee requests and is approved annual leave, the amount of leave charged may not exceed the number of hours that the employee would have been scheduled to work up to:

1. A maximum of 8 hours in one day.
2. 40 hours in any one week.
3. 80 hours in any one pay period.

If a dispute arises as to the number of hours a PSE or PTF would have been scheduled to work, the schedule is considered to have been equal to the average hours worked by other PSEs or PTFs in the same work location on the day in question.

**OPTING BY PSEs FOR FULL-TIME
(TRADITIONAL AND NON-
TRADITIONAL) VACANT,
RESIDUAL ASSIGNMENTS**

- **OPTING BY PSEs -
Clerk Craft PSEs
OPTING**

62. Do PSE clerks hold down their opted residual duty assignment during their mandatory 5-day break in service?

Response: No. Any such duty assignment must either be posted for bid or reverted pursuant to Article 37.3 on the occasion of the employee's break in service.

- **Ref: November 2022 JCIM, Article 37, CLERK CRAFT QUESTIONS & ANSWERS; SECTION 3.A, #62, Article 37 page 13. [p. 208]**

A PSE may only occupy full-time (traditional or non-traditional) duty assignments in accordance with these rules. This does not prohibit PSEs from working assignments that do not constitute a duty assignment.

In the Clerk Craft, where practicable, PSEs will be allowed to opt on a seniority basis for full-time (traditional and non-traditional) vacant, residual assignments in the installation for which they are qualified and which are not assigned to career employees. Such opting does not create any work hour or assignment guarantees.

Hours worked by PSEs in opted non-traditional full-time assignments of more than eight hours in a work day or forty hours in a work week will be an exception, for the portion of their assignment which exceeds eight hours in a day and forty hours in a week, to the contractual obligation pursuant to Article 8.4.G to utilize the Overtime Desired List.

In the Clerk Craft, existing provisions of Article 37.3.F.5 and 37.3.F.7 apply prior to a PSE opting for the assignment. In addition, Article 37.3.F.3 and 37.3.F.4 will be modified so as to permit all bidders to train and attempt to qualify before the duty assignment becomes residual and available for assignment of unencumbered employees, PTF preferencing (unless being withheld), and finally for PSE opting. However, qualified PSEs may be utilized to back fill vacancies while full-time or part-time employees are in training pending qualification. In addition, any such assignment will be posted for bid as a vacant duty assignment or reverted pursuant to Article 37.3 on the occasion of the PSE's break in service.

- **Ref: Postal Support Employees MOU, APPENDIX A, 3; Other Provisions, F. Opting [pp. 286 & 287]**

- **OPTING BY PSEs – Does opting into a fulltime vacant residual assignment create any work hour or assignment guarantee(s) for a PSE? No.**

NOTE: In the Clerk Craft, when PSEs opt, on a seniority basis, for fulltime (traditional and non-traditional) vacant, residual assignments, in the installation for which they are qualified and which are not assigned to career employees, such opting does not create any work hour or assignment guarantees.

- **Ref: November 2022 JCIM, Article 8.3, WORK WEEK – PART TIME EMPLOYEES; Article 8, page 3. [p. 46]**

DIRECTOR’s NOTE: MANAGEMENT DOES NOT HAVE TO USE THE OTDL (ARTICLE 8.4.G) WHEN PSEs WHO OPT ON NTFT DUTY ASSIGNMENTS WORK MORE THAN 8 HOURS PER DAY AND 40 HOURS PER WEEK. Hours worked by PSEs in opted non-traditional full-time assignments of more than eight hours in a work day or forty hours in a work week will be an exception, for the portion of their assignment which exceeds eight hours in a day and forty hours in a week, to the contractual obligation pursuant to Article 8.4.G to utilize the Overtime Desired List.

- **OPTING BY PSEs – Opting into a Residual Lead Clerk duty assignment. Higher level? Yes.**

DIRECTOR’s NOTE: PSEs may opt into residual lead clerk duty assignments while the assignment is posted on e-reassign. Under these circumstances the PSE will be paid the higher level.

NOTE: The one exception to the temporary assignment of a PSE to a higher level seems to be where the PSE “opts” into a RESIDUAL Lead Clerk duty assignment. There would not be a prohibition against allowing a PSE to “opt”, even though this is not a temporary detail but a permanent posted duty assignment, since no career clerk bid on it.

PAY ISSUES FOR PSEs

- **PAY ISSUES – COLA - COST OF LIVING ADJUSTMENT – Do PSEs receive COLA? No.**
- **PAY ISSUES – HIGHER LEVEL PAY – Do PSEs receive Higher Level Pay if they are assigned to a higher-level position? Yes.**

NOTE: PSEs do not receive COLA increases. Instead, they receive negotiated wage increases outlined in Article 9, Section 7. See WAGE INCREASES FOR PSEs, below.

... In the event a PSE is temporarily assigned to a higher-level position, such employee will be paid at the higher level only for the time actually spent on such job. This language should not be construed to encourage the Postal Service to temporarily assign such employees to higher level positions. When the opportunity exists for higher level assignment, the principle of preference for career employees over PSEs should be utilized. PSEs will not be assigned to higher level assignments within function four (e.g., LSSA, Bulk Mail Tech, Special Postal Clerk, Lead Clerk), except when no career employee is available.

- Ref: Postal Support Employees MOU, APPENDIX A.3. Other Provisions, C; Article 25, Higher Level Pay [p. 284]
- X-Ref: November 2022 JCIM, Article 25.2; Article 25, page 1. [p. 171]

DIRECTOR's NOTE: The language in the MOU and Article 25 regarding higher level for PSEs applies to higher level bargaining unit assignments, not to 204b details.

Also, NOTE APWU's POSITION: PSEs as Postmaster Relief (PMR) and Officer in Charge (OIC) APWU Position: Mike Morris, Director Industrial Relations:

Per Publication 32 below, until negotiated otherwise, an OIC must be a career postal employee. PSEs are non-career employees; therefore, they cannot serve as an OIC to fill a postmaster vacancy. They could, under the right circumstances; however, be utilized to fill in for a bargaining unit employee at station or branch that was previously a post office, but has been converted to a station or branch under new regulations.

Publication 32 Officer in Charge (OIC) — A career postal employee appointed temporarily to fill a postmaster vacancy, usually for no longer than 180 days.

NOTE: PSEs can act as Postmaster Reliefs (PMR) in *bona fide* postal units and circumstances:

postmaster relief/leave replacement	PMR	A non-career hourly rate employee who performs as a relief or leave replacement during the absence of a postmaster in a small Post Office.
-------------------------------------	-----	--

APWU Position – Check the PSE’s clock rings and payroll journal. Grievances regarding a 204b and/or OIC paid as a bargaining unit employee (PS-4 or PS-6) should state that they are performing bargaining unit work, and should be paid PS-7 pay as a Lead Clerk. In that case the rules about preference for career employees for higher level bargaining unit details would apply.

● **PAY ISSUES –
HOLIDAY PAY for PSEs**

PSEs will receive holiday leave pay subject to eligibility guidelines in Article 11.2 for the following six holidays:

- New Year’s Day
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day
- Christmas Day

The number of hours of holiday leave pay that a PSE receives for each of the above holidays will be determined by the size of the office in which he/she works:

- 200 Man Year offices - 8 hours
- POStPlan office – 4 hours
- All other offices – 6 hours

PSEs who work on a holiday may, at their option, elect to have their annual leave balance credited with 4, 6, or 8 hours (as applicable) of annual leave in lieu of receiving holiday pay.

This MOU is based on the principle that post offices providing more than two hours of service (currently Level 6 and Level 4 Remotely Managed Post Offices (RMPO) offices) will be staffed by bargaining unit employees:</p>

- PSEs cannot work in the Administrative Post Office (APO) Level-18 Offices (with exceptions).
- PSEs cannot be assigned to work in the Level-6 Remotely Managed Post Office (RMPO) (with exceptions).
- Level-6 PSEs may be assigned to work in the Level-4 RMPO and when doing so they are paid at the PSE Level-6 rate of pay.
- Level-6 PSEs assigned to Level-4 RMPO's will not count against the applicable cap except 12 of these PSEs per district.

PSEs WHEN RELIEVING - SHORT TERM (EXCEPTIONS)

PSEs WHEN RELIEVING - SHORT TERM (EXCEPTIONS)

- Level-6 PSEs may be used within the cluster (Level-18 office and RMPOs) to relieve the career employee on window duties for short term absences (e.g. Absences, AL/SL, LWOP) normally not to exceed 2 pay periods.
- PSEs can only be used within the cluster to cover these absences after all PTF hours in the cluster or pool and relief hours in the cluster at the straight time rate have been exhausted.
- Level-6 PSEs assigned to Level-4 RMPO's will be hired from the applicable hiring registers and **without setting any precedent may perform window duties.**
- When a Level-6 PSE in an RMPO Level-4 works hours in that office, including any work hours used to cover leave, exceeds 30 hours a week for 180 consecutive days, a career full time duty assignment will be created and filled. The hours worked by PSEs does not include hours worked in other offices.

PSES WORKING IN MULTIPLE L-4 RMPO OFFICES

PSES WORKING IN MULTIPLE L-4 RMPO OFFICES

- PSEs working in the Level-4 RMPOs may work in multiple Level-4 offices, as well as Level-2 RMPOs, where operationally feasibly and efficient.

- This usage of a Level-6 PSE does not create an obligation to change the DES ACT code of the Level-2 RMPOs nor does it create an obligation of the Postal Service to establish a career position.

Answer: Yes, pursuant to the provisions of Article 37.5 and Q&A #307, Article 37, page 64 of the 2012 JCIM.

Question #9: How is the “within 50 miles radius of the installation” measured?

Answer: The 50 mile radius is measured from the APO.

Question #11: Will PSEs that are hired through the eCareer postings for Level-4 RMPOs be required to take the window training and pass the window training exam?

Answer: Yes.

Ref: Step 4 Settlement – Q01C-4Q-C16035805 - APWU – HQTC20151075

The parties affirm that Level 6 PSEs that staff Level 4 RMPOs may not be utilized outside their APO installation except as provided for in # 3 below.

The parties further agree that the Level 6 PSEs hired in Level 4 RMPOs may not be utilized in Level 20 and above APOs. Those Level 20 and above APOs may continue to hire PSEs in Function 4 pursuant to Article 7 and the PSE MOU.

DIRECTOR'S NOTE: PSEs will be returned based upon their craft standing on the roll in the installation.

... PSEs separated for lack of work will be given reappointment ahead of other PSEs with less relative standing on the PSE roll (or hiring a new PSE) within the installation if the need for hiring arises within one (1) year of their separation. ...

When operational circumstances indicate that reappointment for a PSE(s) is not needed and the installation employs a PSE(s) with lower relative standing, the PSE(s) with higher standing will be reappointed and the PSE(s) with the lower standing in the installation will be separated instead. Such separation of a PSE(s) with the lowest standing is not grievable except where the separation is pretextual. These PSE(s) separated for lack of work during or upon completion of their term of appointment will be given reappointment ahead of other PSE(s) with less relative standing on the PSE roll (or hiring a new PSE) in the installation if the need for hiring arises within one (1) year of separation.

DIRECTOR'S NOTE: PSEs who are separated for lack of work should check their Form 50 to confirm that management lists their separation correctly. The **NATURE OF PERSONNEL ACTION** on their Form 50 should read:

Line 79	DESCRIPTION	TERMINATION OF WORK
Line 80	CODE	522
Line 84	REMARKS	LAST DAY IN PAY STATUS <u>(Date)</u> SEPARATION DUE TO LACK OF WORK

THIS IS CRITICAL! If management incorrectly lists the NATURE OF ACTION as anything other than SEPARATION DUE TO LACK OF WORK it could adversely impact the PSE's reappointment rights.
