Dear Mr. Wevodau:

On May 10, 1984, we met to discuss the above-captioned case at the fourth step of the contractual grievance procedure set forth in the 1981 National Agreement.

The question raised in this grievance involved the requirement that employees in certain positions must have valid forms SF-46.

After further review of this matter, we mutually agreed that no national interpretive issue is fairly presented in the particulars evidenced in this case. We agreed that the question raised requires application of EL 303, Part 142, to the fact circumstances involved. Whether driving is a bona fide occupational qualification requirement that is reasonably related to the efficient performance of the responsibilities of the jobs involved in this case must be determined by reviewing the local situation.

Accordingly, as we further agreed, this case is hereby remanded to the parties at Step 3 for further processing if necessary.

Please sign and return a copy of this letter as your acknowledgment of agreement to remand this case.

Sincerely,

Margaret H. Oliver
