Dear Mr. Nevodau:

On several occasions, the most recent being June 3, 1986, we met to discuss the above-captioned grievance at the fourth step of our contractual grievance procedure.

The issue in this grievance is whether management violated the National Agreement by instructing supervisors to change or install locks on apartment-type receptacles as part of their normal duties.

During our discussion, we mutually agreed that the following constitutes full settlement of this case:

The parties recognize that supervisors are prohibited from performing bargaining-unit work except under the conditions set forth in Article 1, Section 6 of the National Agreement.

Please sign and return the enclosed copy of this decision as your acknowledgment of agreement to settle this case.

Time limits were extended by mutual consent.

Sincerely,

Muriel A. Aikens
