Dear Mr. Freeman:

On March 20 and April 3, 1984, we met to discuss the above-captioned case at the fourth step of the contractual grievance procedure set forth in the 1981 National Agreement.

The question raised in this grievance involved a supervisor's visiting the grievant's physician to get information concerning a medical certificate.

After further review of this matter, we mutually agreed that no national interpretive issue is fairly presented in the particulars evidenced in this case. We agreed that whether or not the visit was justified can only be determined by evaluating the fact circumstances involved.

Accordingly, as we further agreed, this case is hereby remanded to the parties at Step 3 for further processing and arbitration if necessary.

Please sign and return a copy of this letter as your acknowledgment of agreement to remand this case.

Sincerely,

*David Barnett*
