Summary of Changes

Mailing Standards of the United States Postal Service, International Mail Manual

Issued May 5, 2014

This Summary of Changes to *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM) includes revisions that have become effective during the previous 12 calendar months.

In chapters 1–9 and in "Country Price Groups and Weight Limits" of this online version of the IMM, change bars (vertical lines in the margin) indicate that *Postal Bulletin* updates have been incorporated in the adjacent text (note that the change bars appear only in the PDF version, and only for revisions effective in the calendar year 2013, not for all the previous 12 months). However, in the individual country listings (ICLs) of this online IMM, change bars do *not* appear even though *Postal Bulletin* updates have been incorporated in the ICL text.

- Effective July 28, 2013, as noted in PB issue 22365, the entire IMM is revised to reflect the renaming of "Express Mail International" to "Priority Mail Express International," the renaming of domestic "Express Mail" to "Priority Mail Express," and the renaming of "Express Mail Corporate Account (EMCA)" to "USPS Corporate Account (USPSCA)." Appropriate revisions appear in more than a thousand places throughout the IMM.
- Effective January 26, 2014, as noted in PB issue 22378, the following sections in chapters 1 and 2 are revised to clarify the mailing procedures for privately printed customs forms.

Mailing Standards of the United States Postal Service, International Mail Manual

May 5, 2014

Mailing Standards of the United States Postal Service, International Mail Manual (IMM) provides our official prices and standards for all international mailing services. Many mailers find it helpful to reference these standards as they prepare and deposit their mail.

Mailers looking for an overview of prices and international extra services can use Notice 123, Price List. It provides the most commonly sought international mailing information in an easy-to-read and easy-to-find format. Notice 123 is available on our Postal Explorer Web site at pe.usps.com. Postal Explorer also provides helpful search features, mailing tools, and price calculators to make mailing easy.

Summary of Changes

The IMM is updated frequently on Postal Explorer at <u>pe.usps.com</u>. Revisions are published in the Summary of Changes by IMM module. Mailing standards in the IMM are revised by notices published in the *Postal Bulletin* or the *Federal Register*.

Availability

Public: The public can access the updated IMM in PDF and HTML formats on Postal Explorer at <u>pe.usps.com</u>, or by ordering the Postal Explorer CD-ROM. Archived copies may be available through the U.S. Government Printing Office, 202-512-1800.

USPS: Postal Service employees can access the updated IMM in PDF or HTML formats on Postal Explorer at *pe.usps.com* or on the Postal Explorer CD-ROM.

110 General Information

111 **Scope**

This manual sets forth the conditions and procedures for the preparation and treatment of mail sent from the United States to other countries and the treatment of mail received from other countries. Its counterpart in the domestic mail service is the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM). Cross-references to the DMM are provided wherever domestic conditions and procedures apply to the preparation or treatment of international mail.

112 Mailer Responsibility

Regardless of any statement contained in this manual or the statements of any employee of the United States Postal Service, the burden rests with the mailer to ensure that he or she has complied with the prescribed laws and regulations governing domestic and international mail, both those of the United States and those of the destination country. Full responsibility rests with the mailer to comply with all postal and nonpostal laws and regulations regarding the mailing of dangerous goods. Anyone who mails, or causes to be mailed, nonmailable or improperly packaged dangerous goods can be subject to legal penalties, including but not limited to those specified in Title 18 of the United States Code (18 U.S.C.).

113 Individual Country Listings

Individual Country Listings (ICLs) provide information about conditions of mailing, postage prices, and extra services for each country. ICLs are arranged alphabetically. Most subtitles are followed by a chapter citation in parentheses.

120 Preparation for Mailing

121 General Information for Mail Preparation

121.1 Packaging — Sender's Responsibility

It is the responsibility of the sender to prepare items and to address them clearly and correctly. In preparing items for mailing, the sender must (1) use strong envelopes or durable packaging material to prevent deterioration or degradation, and (2) consider the nature of the articles being mailed and the distance they must travel to reach the addressee. (See DMM 601 for detailed instructions.)

121.2 Use of Postal Service Equipment

Consistent with Postal Operations Manual part 581, and without regard to mail class, mailers may use USPS-owned mail transport equipment (MTE) only to transport mail to a USPS facility. Mailers may not retain USPS-owned MTE for their internal operating use or personal convenience, and such equipment may not be furnished to mailers for such purposes. Mailers may not use USPS-owned MTE to transport mail from foreign countries when such mail is not intended for dispatch through the U.S. Postal Service. In addition, mailers must not remove USPS-owned MTE from the United States for any purpose (e.g., transporting items that will be entered as domestic mail from outside the United States to the United States) without a written agreement between the customer and the USPS manager of Mail Transport Equipment. Under no circumstances will the U.S. Postal Service grant approval for USPS-owned MTE to be out of the United States for more than 14 days. For additional information, contact the USPS manager of Mail Transport Equipment at the following address:

MANAGER MAIL TRANSPORT EQUIPMENT US POSTAL SERVICE 475 L'ENFANT PLZ SW RM 7676 WASHINGTON DC 20260-7102

122 International Mail Manual

122 Addressing

122.1 **Destination Address**

International destination addresses must comply with the standards in this section.

Note: In items c, d, and i, the term "full legal name" means the name that corresponds to the addressee's government-issued identification — i.e., the addressee's first name, middle initial (if applicable), and last name.

- At least the entire right half of the address side of the envelope, package, or card should be reserved for the destination address, postage, labels, and postal notations.
- b. Addresses must appear in ink or be typewritten. Pencil is unacceptable.
- c. The addressee's full legal name (see Note above) and complete address must appear legibly with roman letters and arabic numerals, all placed lengthwise on one side of the item. For parcels, addresses should also appear on a separate slip enclosed in the parcel.
- d. Addresses in Russian, Greek, Arabic, Hebrew, Cyrillic, Japanese, or Chinese characters must bear an interline translation in English of the addressee's full legal name (see Note above) and complete address (including country). If the English translation is not known, the foreign language words must appear in roman characters (either printed or script). See 292.41 and 293.41 for an optional addressing procedure that applies only to direct country containers of International Priority Airmail (IPA) or International Surface Air Lift (ISAL) mail, respectively.
- e. Mail may *not* be addressed to a person in one country "in care of" a person in another country.
- f. Mail may not be addressed to Boxholder or Householder.
- g. The following exceptional form of address, in French or a language known in the country of destination, may appear on printed matter: the addressee's name or *Occupant*.

Example: Mr. Thomas Clark or Occupant

- h. The house number and street address or box number must appear when mail is addressed to towns or cities.
- The address of items sent to general delivery must indicate the addressee's full legal name (see Note above) and the city and country of destination. The use of just initials, simple given names, fictitious names, or figures is not permitted on articles addressed for general delivery.

j. All lines of the delivery address *should* appear in all capital letters. The city destination *must* appear in capital letters together with the correct post code number or delivery zone number, if any. The last line of the address must show only the country name, written in full (no abbreviations) and in capital letters. If possible, the address should have no more than five lines. For example:

MR THOMAS CLARK 117 RUSSELL DRIVE LONDON WIP 6HQ GREAT BRITAIN

MS CRISTINA CRUZ APARTADO 3068 46807 PUERTO VALLARTA JALISCO MEXICO

Exception: To Canada, there must be two spaces between the province abbreviation and the postal code, as shown below between "ON" and "KIA 0B1":

Ms Helen Saunders 1010 Clear Street OTTAWA ON K1A 0B1 CANADA

122.2 Return Address

122.21 **General**

The return address tells the U.S. Postal Service or foreign post where to return a mailpiece that cannot be delivered. Due to heightened security concerns, the U.S. Postal Service recommends a complete return address on all mailpieces — see 122.23 for when a return address is required. A mailpiece may include only one return address, and the mailer must place it so that it does not affect either the clarity of the address of destination or the application of service labels and notations (postmarks, etc.).

122.22 Elements of a Return Address

A complete return address must include the sender's full legal name (see the Note in 122.1) and complete return address in roman letters and arabic numerals — it *may* not include just initials except where they are an adopted trade name.

122.23 Required Use of Return Address

In bulk mailings, all mailpieces must bear a U.S.-origin return address visible on the outside of the mailpiece. For the purpose of this section, a "bulk mailing" is any IPA or ISAL mailing, or any other mailing paid with an advance deposit account and presented to the U.S. Postal Service for acceptance. In addition, a return address is required for mailpieces bearing a customs form under 123.7.

123 International Mail Manual

123 Customs Forms and Online Shipping Labels

123.1 USPS-Produced Customs Declaration Forms

123.11 **General**

As required under <u>123.6</u>, only three customs declaration forms are used for international mail:

- a. PS Form 2976, Customs Declaration CN 22 Sender's Declaration.
- b. PS Form 2976-A, Customs Declaration and Dispatch Note CP 72.
- c. PS Form 2976-B, *Priority Mail Express International Shipping Label and Customs Form* (used only for Priority Mail Express International items).

PS Form 2976-E, *Customs Declaration Envelope — CP 91*, is a plastic envelope that is used to carry and protect the PS Form 2976-A and PS Form 2976-B customs form sets (see 123.73).

123.12 Authorized Editions

The current edition of PS Form 2976 is July 2013; the current edition of PS Form 2976-A is July 2013; and the current (and only) edition of PS Form 2976-B is July 2013.

For PS Form 2976 and PS Form 2976-A, the only other authorized edition is September 2012.

123.2 **Availability**

Customs declaration forms are available without charge at Post Office facilities. Upon request, mailers may receive a reasonable supply for mail preparation. Customers may also order supplies of the customs forms from The Postal Store at http://shop.usps.com; search on the words "customs forms." Customs declaration forms are also available through an online customs form application at usps.com/webtools.

123.3 **Privately Printed Forms**

123.31 Authorization

A mailer may not use privately printed customs forms without written authorization. If authorized, a mailer may privately print PS Forms 2976 and 2976-A as specified in the Customs Form Certification Checklist, which is available by clicking on the link to that checklist at the Web site noted in 123.31b. In addition, each form must contain a unique barcode that can be read by Postal Service equipment. A mailer may obtain customs form and barcode specifications through the following methods:

- a. By calling the NCSC at 877-264-9693 (select option 3 for barcode certification).
- b. By visiting https://ribbs-dev.usps.gov/ index.cfm?page=intcustomsforms.
- c. By written request to the following address:

 DELIVERY CONFIRMATION

 NATIONAL CUSTOMER SUPPORT CENTER

 UNITED STATES POSTAL SERVICE

 225 N HUMPHREYS BLVD STE 501

 MEMPHIS TN 38188-1001

Upon receipt of the request, the NCSC will send the mailer an application and specifications for preparing PS Forms 2976 and/or 2976-A.

123.32 Required Electronic Transmission of Customs Declaration Information

For an item bearing a privately printed customs form under 123.31, a mailer must electronically transmit customs declaration information by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software. Failure to provide electronically transmitted customs declaration information before tendering the mailing may result in refusal at acceptance, delay in processing, and/or return of mail to the sender.

Specific options for electronically transmitting customs declaration information and additional information may be found in the Customs Form Certification Checklist, which is available by clicking on link to that checklist at the web site noted in 123.31b.

123.4 Nonpostal Forms

123.41 Nonpostal Export Regulations

Certain items must bear one or more of the forms required by the nonpostal export regulations described in chapter $\underline{5}$.

123.42 Commercial Invoices

A commercial invoice is a bill for goods from the seller to the buyer. A commercial invoice must be completed where required and must contain the following basic information:

- a. Seller's complete contact information.
- b. Receiver's complete contact information.
- c. Consignee's complete contact information (if it is different from the buyer's).
- d. Country of origin.
- e. Destination country.
- f. Reason for export.
- g. Total commercial value of the item(s) shipped.
- h. Sales and payment terms (if any).
- i. Currency of sale.
- j. Full quantities and description of the merchandise.
- k. A statement certifying that the invoice is correct.

123.5 International Mail Manual

123.5 Place of Mailing

- a. Global Express Guaranteed mailpieces see <u>215</u>.
- b. Priority Mail Express International mailpieces see <u>225</u>.
- c. Priority Mail International mailpieces see 235.

- e. First-Class Package International Service mailpieces see 255.

123.6 Required Usage

123.61 Conditions

The following conditions apply to customs forms for international mail items:

- a. Except as provided in <u>123.62</u>, mailers must use PS Form 2976,
 PS Form 2976-A, or PS Form 2976-B as described in <u>Exhibit 123.61</u>.
- b. The surface area of the address side of the item to be mailed must be large enough to contain completely the applicable customs form, postage, and any applicable markings, endorsements, and extra service labels.
- c. Regardless of any listing in <u>Exhibit 123.61</u>, items containing articles that require an export license (see <u>532</u>) must always bear PS Form 2976-A or PS Form 2976-B note that PS Form 2976-B is used only for Priority Mail Express International items. In certain circumstances, this might require the mailer to send the mailpiece via Priority Mail Express International service or Priority Mail International service (but not with Priority Mail International Flat Rate Envelopes or Small Flat Rate Priced Boxes).

123.62 Known Mailers

123.621 **Overview**

A "known mailer" may be exempt from the customs form requirement that would otherwise apply to letter-size or flat-size mailpieces as defined in 241.2, or to package-size mailpieces as defined in 251.2. A "known mailer" must meet one of the definitions in 123.622 and must meet the conditions in 123.623.

123.622 **Definition**

A "known mailer" must meet one of the following definitions:

- A federal, state, or local government agency whose mail is regarded as Official Mail.
- A contractor who sends out prepaid mail on behalf of a military service, provided the mail is endorsed "Contents for Official Use — Exempt from Customs Requirements."
- c. A business mailer who enters volume mailings through a business mail entry unit (BMEU) or other bulk mail acceptance location, completes a postage statement at the time of entry, pays postage through an advance deposit account, and uses a permit imprint for postage payment. For this purpose, the categories of mail that qualify are as follows:
 - (1) Priority Mail International Flat Rate Envelopes, except for contents allowed under 123.623b.
 - (2) First-Class Mail International service.
 - (3) International Priority Airmail (IPA) service.
 - (4) International Surface Air Lift (ISAL) service.

123.623 Conditions

The following conditions apply to "known mailers":

- a. The mailpieces must contain no merchandise or goods, except as provided in 123.623b and 123.623c.
- b. The mailpieces may contain hard copy printed or recorded media (e.g., CDs, DVDs, flash drives, video and cassette tapes), for which no customs form is required in the destination country. Authorization to mail items under this subsection without a customs form is subject to the following conditions:
 - (1) The mailpiece must not require an export license as described in 510, 520, 530, or 540.
 - (2) Any packaging used for package-sized items under this subsection must be transparent, such as shrinkwrap or polywrap material, so that the contents are fully visible for inspection.
- c. The mailpieces may contain goods of nominal value (less than \$1.00) in conjunction with communications or informational materials for which no customs form is required in the destination country. In addition, authorization to mail items under this standard is subject to the following conditions:
 - (1) The mailpieces must not require an export license as described in <u>510</u>, <u>520</u>, <u>530</u>, or <u>540</u>.

123.63 International Mail Manual

- (2) The mailpieces must not contain dangerous or prohibited items under IMM <u>135</u> or <u>136</u>, or be otherwise prohibited by the destination country.
- (3) The mailpieces cannot be destined to an E:1 country listed in 15 CFR 740, Supp. 2.
- (4) The mailpieces cannot contain any items listed in the Commerce Control List (15 CFR 774) or the U.S. Munitions List (22 CFR 121).
- d. If the mailpieces are mailed with a postage statement, the mailer must certify on the postage statement that the mailpieces contain no dangerous materials that are prohibited by postal regulations.
- e. The import regulations of the destination country must allow individual mailpieces without a customs form affixed.
- f. For IPA and ISAL mailings, the mailer must pay with a permit imprint or with a combination postage method (meter postage affixed to the piece and additional postage by permit imprint). IPA and ISAL mailpieces that are paid for by postage solely with a meter do not qualify for the "known mailer" exemption.
- g. Failure to comply with the conditions in this section, or with any other applicable regulations or policies of the Postal Service or other relevant governmental authorities, may result in the suspension or revocation of eligibility to mail items without a customs form affixed pursuant to this section. For example, a suspension or revocation may result when the mailer fails to ensure his or her compliance with 510, 520, 530, or 540, such as ensuring that no mailings are sent to persons blocked from transacting in such items by the federal agencies described in those IMM sections.

123.63 **Documents and Merchandise**

In Exhibit 123.61, the "Type of Item" column has several references to "documents." For this purpose, "documents" refers only to printed documents, not to electronic storage media or devices such as CDs, DVDs, or flash drives. Examples of documents include the following:

- a. Audit and business records.
- b. Personal correspondence.
- c. Circulars.
- d. Pamphlets.
- e. Advertisements.
- f. Written instruments not intended to be resold.
- g. Money orders, checks, and similar items that cannot be negotiated or converted into cash without forgery.

Examples of items that do not qualify as documents — rather, they are considered merchandise, so the sender is required to apply a customs declaration form and declare a value — include the following:

 a. CDs, DVDs, flash drives, video and cassette tapes, and other electronic storage media — regardless if they are blank or if they contain electronic documents or other prerecorded media.

- b. Artwork.
- c. Collector or antique document items.
- d. Books.
- e. Periodicals.
- f. Printed music.
- g. Printed educational or test material.
- h. Player piano rolls.
- i. Engineering drawings.
- i. Blueprints.
- k. Film.
- I. Negatives.
- m. X-rays.
- n. Separation negatives.
- o. Photographs.

123.64 Additional Security Controls

When the chief postal inspector determines that a unique, credible threat exists, the Postal Service may require a mailer to provide photo identification at the time of mailing. The signature on the identification must match the signature on the customs declaration form.

PS Form 2976-A, July 2013 PSN 7530-01-000-9834

See reverse of this page for additional instructions on how to complete this form.

Block 10: Except for shipments to APO/FPO/DPO addresses, enter an Automated Export System (AES) Internal Transaction Number (ITN), AES Exemption, or if applicable, an AES Downtime Citation. This standard may also apply when mailing items to, from, and between U.S. territories, possessions, and Freely Associated States — see DMM 608.2.5. One of these codes must appear in the "AES/ITN/Exemption" block before the Postal Service will accept a package for mailing. In general, mailpieces containing any type of goods (per Schedule B Export Codes at www.census.gov/foreign-trade/schedules/b) valued at more than \$2,500, or requiring an export license under U.S. law, must have an ITN issued by the U.S. Census Bureau or an AES Downtime Citation, subject to certain exceptions. Mailpieces that are exempt from filing must have an AES Exemption. Regardless of exemptions, all mailpieces must have an ITN or AES Downtime Citation if they are destined to certain countries on which the U.S. has a comprehensive embargo. To obtain an ITN and file electronically through the Census Bureau's AES, or for additional information, please visit www.census.gov/foreign-trade/ses or call 800-549-0595. For additional information, refer to U.S. Postal Service® Publication 699, Special Requirements for Shipping Internationally, and to IMM Part 520.

AES Exemption. In order to comply with U.S. Census Bureau's Foreign Trade Regulations, indicate "NOEEI § 30.37(a)," if applicable. "NOEEI § 30.37(a)" may be used when the value of each class of goods is \$2,500 or less, if an export license is not required. Do NOT use this AES Exemption for items sent to Cuba, Iran, North Korea, Sudan, or Syria. Further information can be found in IMM Parts 526 and 527.

PS Form 2976-A, Customs Declaration and Dispatch Note — CP 72 (Indemnity Statement)

IMPORTANT: Save this receipt and present it when making an inquiry.

PARCEL INDEMNITY COVERAGE: Indemnity for Priority Mail International® parcels, including insured and ordinary (uninsured) parcels, is provided only in accordance with Postal Service™ regulations in the *Domestic Mail Manual* (DMM®) and the *International Mail Manual* (IMM®). The DMM and IMM are available online at *http://pe.usps.com*. The addressee must report damage or missing contents to the delivering Post Office™ immediately.

Ordinary (uninsured) Priority Mail International parcels include indemnity coverage against loss, damage, or missing contents. Indemnity is limited to the lesser of the actual value of the contents or the maximum indemnity based on the weight of the article. Priority Mail International Flat Rate Envelopes and Priority Mail International Small Flat Rate Boxes are letter-post items and do not include indemnity coverage.

Insured mail service is available for a fee and replaces indemnity on ordinary parcels. Insurance coverage varies by country and is not available to some countries. Indemnity coverage is subject to both U.S. Postal Service® regulations and the domestic regulations of the destination country. Insurance for loss, damage, or missing contents covers the actual (depreciated) value of the contents.

Claims for lost ordinary and insured parcels may be payable only to the sender, and claims for damage and missing contents may be payable only to the addressee. The sender or addressee may waive the right of payment in favor of the other.

FILING CLAIMS: To initiate an inquiry for loss, damage, or missing contents, call the International Inquiry Center at 800-222-1811. International indemnity inquiries and claims for loss must be filed within the time limits for the service purchased. PS Form 2976-A, July 2013 PSN 7530-01-000-9834

Reverse of Page 5 of 5, Sender's Copy

123.722 Postal Service Employee's Acceptance of PS Form 2976-A

The Postal Service acceptance employee must do the following when accepting PS Form 2976-A from the sender:

- a. Instruct the sender how to complete, legibly and accurately, PS Form 2976-A, as required. The sender's failure to complete the form properly can delay delivery of the item or inconvenience the sender and addressee. Moreover, a false, misleading, or incomplete declaration can result in the seizure or return of the item and/or in criminal or civil penalties. The Postal Service assumes no responsibility for the accuracy of information that the sender enters on PS Form 2976-A.
- Verify that the sender has entered the information on the form and has signed and dated the declaration. The sender's address on the mailpiece must match the sender's address on PS Form 2976-A.
- c. To comply with U.S. Census Bureau requirements, it is the customer's responsibility to ensure that an appropriate AES ITN, AES Exemption, or AES Downtime Citation is displayed on PS Form 2976-A. If this information is not entered, remind the customer that he or she may be subject to civil and criminal penalties for noncompliance.
- d. If the sender wishes to insure the contents, the retail associate will record the insured amount in U.S. dollars and special drawing right (SDR) value on PS Form 2976-A in the space provided. (See <u>Exhibit</u> 323.62 for the conversion table.)

123.73 International Mail Manual

e. Weigh the parcel, enter the weight in block (8), and enter the applicable amount of postage and fees in the appropriate block in the upper right corner of the form.

- f. Round stamp the form in the appropriate place on each copy (copies 1–6).
- g. Remove the Post Office copy (Copy 4) and tell the mailer that the Postal Service will retain this document for 30 days as a record of mailing. Remove the Sender copy (Copy 5) and give it to the mailer.
- h. Round stamp any uncanceled stamps, and if postage is paid by meter, round stamp the front of the piece near the meter postage.

Note: Consistent with IMM <u>225.12</u>, <u>235.12</u>, <u>245.12</u>, and <u>255.12</u>, the customer must present any item bearing a handwritten PS Form 2976-A to an employee at a Post Office retail service counter.

123.73 PS Form 2976-E, Customs Declaration Envelope — CP 91

PS Form 2976-E is a transparent plastic envelope designed to carry and protect the PS Form 2976-A and PS Form 2976-B customs form sets. After completing the forms, the mailer inserts the PS Form 2976-A or PS Form 2976-B form set into the envelope of PS Form 2976-E, removes the backing sheet, and affixes it to the package on the address side. The current edition of PS Form 2976-E is July 2013; however, the mailer may use older editions.

130 Mailability

131 General

131.1 Domestic Limits

All articles that are nonmailable in domestic mail are nonmailable in international mail. See DMM 601 and Publication 52, *Hazardous, Restricted, and Perishable Mail.*

131.2 International Limits

Many articles that are mailable in domestic mail are nonmailable in international mail. See chapter 6 of Publication 52 and "Prohibitions and Restrictions" in the Individual Country Listings.

131.3 Individual Country Prohibitions and Restrictions

131.31 Information Available

Information on articles that are prohibited or restricted to individual countries appears under "Prohibitions and Restrictions" in the Individual Country Listings. These prohibitions and restrictions are based on information furnished by the countries concerned. Customers should inquire at the Post Office facility about specific prohibitions or restrictions.

131.32 Prohibited and Restricted Articles

Articles that are prohibited by the destination country are nonmailable. For mail known to contain articles restricted by the destination country, the sender must be informed of the restrictions and advised that the articles are subject to the import requirements of that country.

131.33 Return or Seizure of Mail

A country may return or seize mail containing articles prohibited or restricted within that country, whether or not notice of such prohibition or restriction has been provided to or published by the Postal Service.

131.34 Foreign Customs Information

The Postal Service does not maintain or provide information concerning the assessment of customs duty in other countries. Postal Service employees must not attempt to inform customers whether articles (gifts or commercial shipments) will be subject to customs duty. Postal Service employees may suggest to customers, however, that they inform the addressees in advance of the articles they intend to mail. Addressees can then obtain information from their local customs authorities. No provision is made for prepayment of customs duty on mail addressed for delivery in foreign countries.

If duties or taxes are assessed, most countries will collect from the recipient a customs clearance and delivery fee, in addition to the duties and taxes. This fee is authorized by international postal agreements to reimburse the delivery service for the costs it incurs in clearing the items through customs and collecting duties at the time of delivery. The duties, taxes, and fee, if applicable, are not included in the postage paid by the mailer.

131.4 Mailer Responsibility

Regardless of any statement in this manual or the statement of any employee of the United States Postal Service, the burden rests with the mailer to ensure compliance with domestic, international, and individual country rules and regulations for mailability.

131.5 **Preparation for Mailing**

131.51 General Packaging Requirements

Parcels of articles or goods must meet the requirements of DMM 601. See DMM 601 for the size and weight limits of parcels and for several grades of fiberboard boxes used for difficult loads. Boxes with difficult loads must be reinforced with banding in each direction around the package.

131.52 Special Packaging Requirements

Each mailer must meet the following special packaging requirements when mailing any of the following articles (see DMM 601):

- a. Fragile articles, such as glass, must be cushioned as required to dissipate shock and pressure forces over as much of the surface of the item as possible.
- b. Liquids must be packaged as required.

132 International Mail Manual

c. Package fatty substances that do not easily liquefy, such as ointments, soft soap, resins, etc., as well as silkworm eggs, in an interior container (box, cloth, or plastic bag) and place them in an outer shipping container of minimum 275-grade test strength.

d. Enclose dry, powdered dyes, such as aniline, in sift-proof, sturdy tin or plastic boxes in an outer sift-proof shipping container. This container must have a minimum 275-grade test strength fiberboard or equivalent.

132 Written, Printed, and Graphic Matter

132.1 **Domestic Limits**

All written, printed, and graphic matter that is described as nonmailable in DMM 601 is nonmailable internationally. This matter includes but is not limited to:

- a. Advertisements for abortion.
- b. Advertisements for motor vehicle master keys.
- c. Copyright violations.

- g. Solicitations in the guise of bills or statements of account.
- h. Solicitations or inducements for mailing harmful matter, radioactive materials, controlled substances, or intoxicating liquors.

Note: Immoral or obscene articles and advertisements for them are nonmailable.

132.2 Reply Cards and Envelopes

Mailpieces that are sent to foreign addressees may *not* contain prepaid reply cards or envelopes that bear a U.S. postage stamp, meter stamp, meter impression, or a domestic business reply indicia. See <u>382</u> for regulations governing mailer use of International Business Reply Service (IBRS).

Exception: The prohibition against enclosing U.S. domestic business reply cards or envelopes does *not* apply when they are bound into, are stapled to, or form an integral part of the printed page of mailpieces that are periodicals. Such enclosures may be admitted so long as they are not used as response vehicles by foreign recipients and the postal administrations of the destination countries do not object to their presence in U.S. origin publications.

133 Improperly Addressed Mail

The following items are nonmailable in international mail:

- a. Unaddressed items.
- b. Items whose ultimate destination cannot be determined due to insufficient, illegible, or incorrect addressing.
- Items bearing multiple addresses to the same or different countries.

- a. Coins, banknotes, and currency notes (paper money).
- b. Instruments payable to bearer. (The term "instruments payable to bearer" includes checks, drafts, or securities that can be legally cashed or easily negotiated by anyone who may come into possession of them. - c. Traveler's checks.
- d. Manufactured and unmanufactured platinum, gold, and silver.

Inexpensive jewelry is accepted to countries that prohibit jewelry, but only at the sender's risk.

134.3 Export of Rough Diamonds

The exportation (mailing) from the United States of any rough diamond (regardless of size, source, or value) is prohibited unless the rough diamond has been controlled through the Kimberley Process Certification Scheme. See 560 for the complete mailing standards of these items.

134.4 International Mail Manual

134.4 **Prohibitions**

Individual countries prohibit or restrict some or all of the valuable items listed above. See the "Prohibitions and Restrictions" section in the Individual Country Listings.

140 International Mail Categories

141 **Definitions**

141.1 General

There are five principal categories of international mail that are primarily differentiated from one another by speed of service. They are Global Express Guaranteed (GXG) service, Priority Mail Express International service, Priority Mail International service, First-Class Mail International service, and First-Class Package International Service.

141.2 Global Express Guaranteed

Global Express Guaranteed is the U.S. Postal Service's premium international mail service. Global Express Guaranteed is an expedited delivery service that is the product of a business alliance between the U.S. Postal Service and FedEx Corporation. It provides reliable, high-speed, time-definite service from designated U.S. ZIP Code areas to locations in most destination countries. Global Express Guaranteed is assured to meet

141.3 International Mail Manual

destination-specific delivery standards or the postage will be refunded. If a shipment is lost or damaged, liability for loss or damaged merchandise or for document reconstruction is limited to a maximum of \$100 or the amount of additional optional insurance purchased. The maximum weight limit for Global Express Guaranteed service is 70 pounds, but lower country-specific weight limits might apply. To determine the maximum weight limit for each country, see the Individual Country Listings or Publication 141, *Global Express Guaranteed Service Guide*.

141.3 Priority Mail Express International

The next level of service, in terms of speed and value-added features, is Priority Mail Express International. Priority Mail Express International is an expedited mail service that can be used to send documents and merchandise to most of the country locations that are individually listed in this publication. Priority Mail Express International insurance coverage against loss, damage, or missing contents, up to a maximum of \$200, is provided at no additional charge. Additional merchandise insurance coverage up to \$5,000 may be purchased at the sender's option to many countries. Document reconstruction insurance coverage is limited to a maximum of \$100 per shipment. Country-specific maximum weight limits range from 22 pounds to 70 pounds. See the Individual Country Listings. Priority Mail Express International shipments offer a date-certain, postagerefund guarantee to select destinations: see 221.2 and the Individual Country Listings to determine the availability of such service. For all other destinations, Priority Mail Express International shipments are not subject to a postage refund guarantee if a delivery delay occurs.

141.4 Priority Mail International

Priority Mail International is subject to the provisions of the Universal Postal Union Parcel Convention with the exception of Flat Rate Envelopes and Small Flat Rate Priced Boxes. This classification is primarily designed to accommodate larger and heavier shipments whose size and/or weight exceeds the limits for First-Class Mail International Service or First-Class Package International Service. For countries that offer parcel service, maximum weight limits range from 22 pounds to 70 pounds. To determine the maximum weight limit for each country, see the Individual Country Listings. At the sender's option, extra services, such as insurance coverage and return receipt service, may be added on a country-specific basis. Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes are subject to the provisions of the Universal Postal Union Letter-post Convention and provide customers with an economical means of sending correspondence, documents, printed matter, and lightweight merchandise items to foreign destinations. The maximum weight limit is 4 pounds. Registered Mail service is available for Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes. Insurance is not available for Priority Mail International Flat Rate Envelopes or Small Flat Rate Priced Boxes.

International Mail Services 142.4

141.5 First-Class Mail International

First-Class Mail International is a generic term for mailpieces that are letter-size or flat-size, that weigh 4 pounds or less, and that have a value that is \$400 or less. First-Class Mail International items may contain any letter-size or flat-size mailable matter that is not prohibited by the destination country. Aerogrammes are no longer available for purchase. Previously purchased aerogrammes are mailable at the applicable First-Class Mail International letter-size price. At the sender's option, extra services, such as Registered Mail and return receipt, may be added on a country-specific basis.

141.6 First-Class Package International Service

First-Class Package International Service is a generic term for mailpieces that are package-size (small packets), that weigh 4 pounds or less, and that have a value of \$400 or less. First-Class Package International Service items may contain any package-size item (small packet) that is not prohibited by the destination country. At the sender's option, extra services, such as registry and return receipt, may be added on a country-specific basis.

142 Official Mail

142.1 Mailings by Federal Agencies

Official mail (sent by federal agencies and departments listed in Postal Service Handbook DM-103, *Official Mail*) that bears the indicia prescribed in DMM 703 may be sent to foreign destinations. Such items are subject to the postage payment requirements, weight and size limits, customs form requirements, and general conditions for mailing that otherwise apply to the class and category of the international mail being sent.

142.2 **Postal Service Mailings**

International mailpieces that are sent by or on behalf of the U.S. Postal Service must bear the prescribed G-10 permit indicia. Postal Service official mail is subject to all restrictions (e.g., maximum size and weight limits) as defined in the Individual Country Listings for the destination country of mailing.

142.3 Mail of a Former President and Surviving Spouse of a Former President

All nonpolitical mail of former United States Presidents, and of the surviving spouse of a former President, must be accepted without prepayment of postage if it bears the written signature of the sender, or a facsimile signature and the words "POSTAGE AND FEES PAID" in the upper-right corner of the address side.

142.4 General Secretariat of the Organization of American States (OAS)

The following standards apply when mail is sent as OAS General Secretariat official mail:

 Only unregistered or registered First-Class Mail International and First-Class Package International Service items bearing the return address of the OAS General Secretariat and weighing not more than 4 pounds

142.5 International Mail Manual

are accepted without postage when addressed to the OAS member countries listed in 142.4b. Items in all other mail classes must be prepaid by the mailer.

b. The following countries are members of the Organization of American States (OAS):

Antigua and Barbuda	Ecuador	Saint Christopher and
Argentina	El Salvador	Nevis
Bahamas	Grenada	Saint Lucia
Barbados	Guatemala	Saint Vincent and the
Bolivia	Haiti	Grenadines
Brazil	Honduras	Suriname
Canada	Jamaica	Trinidad and Tobago

142.5 Pan American Sanitary Bureau Mail

Only unregistered First-Class Mail International and First-Class Package International Service items bearing the return address of the Pan American Sanitary Bureau and weighing not more than 4 pounds are accepted without postage affixed when addressed to an OAS member country listed in 142.4b or to Cuba. Registered First-Class Mail International and First-Class Package International Service items, as well as items in all other mail classes, must be prepaid by the mailer.

150 Postage

151 Postage Prices

See Individual Country Listings.

152 Payment Methods

152.1 **Prepayment**

Each item must be fully prepaid to ensure prompt dispatch and to avoid assessment of charges against the addressee. For the treatment of shortpaid and unpaid mail, see 420.

152.2 Computing Postage

152.21 Determining Single-Piece Weight

To determine single-piece weight in any mailing at single-piece prices, or in a bulk price mailing of nonidentical-weight pieces, weigh each piece individually. To determine single-piece weight in any other bulk or presort price mailing of identical-weight pieces (e.g., IPA or ISAL), weigh a sample group of at least 10 randomly selected pieces and divide the total sample weight by the number of pieces in the sample. Express all single-piece weights in decimal pounds rounded off to four decimal places.

International Mail Services 152.31

152.22 Rounding Numerical Values

For these standards:

a. Round off requires increasing by 1 the last digit to be kept if the digit to its right, which is not to be kept, is 5 or greater. If that digit is 4 or less, the last digit kept is unchanged (e.g., 3.3761 rounded off to two decimal places is 3.38, whereas 3.3741 is 3.37).

b. Round up requires increasing by 1 the last digit to be kept if there are any digits to its right, regardless of value (e.g., rounding up either 3.3701 or 3.3791 to two decimal places yields 3.38).

152.3 **Stamps**

152.31 Types of Stamps

The following types of stamps may be used to pay for postage and fees for extra services listed under chapter 3 for all single-piece international mail transactions:

- a. Denominated postage stamps: A denominated postage stamp's value is based on the dollar amount that is printed on the stamp. Any denominated postage stamp issued by the United States, unless listed in DMM 604.1.3, is valid for postage.
- b. Nondenominated postage stamps (excludes precanceled stamps under 152.33): A nondenominated postage stamp's value is linked to its domestic postage issue price (e.g., the Antique Toys stamp, issued on June 7, 2002, has a postage value of 37 cents). A complete listing of nondenominated postage stamps is available in Quick Service Guide (QSG) 604a found online at http://pe.usps.com/cpim/ftp/manuals/qsg300/q604a.pdf.
- c. Nondenominated semi-postal stamps: Nondenominated semi-postal stamps (e.g., Stop Family Violence or Breast Cancer Research) are sold at a price that exceeds the postage value of the stamp, with the amount exceeding postage going to the stated cause. Only their value (at the time of purchase) may be used to pay postage. A complete listing of these semi-postal stamps and their issue prices are available in QSG 604a found online at http://pe.usps.com/cpim/ftp/manuals/gsg300/q604a.pdf.
- d. Forever Stamps (domestic): A domestic Forever stamp's value is linked to the domestic First-Class Mail single-piece 1-ounce machinable letter price that is in effect on the day of use (mailing) regardless of when the stamp is purchased and regardless of how prices may change in the future.
- e. Global Forever Stamps: A Global Forever stamp's value is linked to the First-Class Mail International single-piece 1-ounce machinable letter price that is in effect on the day of use (mailing) regardless of when the stamp is purchased and regardless of how prices may change in the future. Global Forever stamps can be used to mail a postcard or 1-ounce machinable letter-size mailpiece anywhere in the world. In addition, mailers may use a Global Forever stamp as postage for any type of single-piece international or domestic mailpiece. Global Forever stamps are round and always bear the words "Global Forever."

152.32 International Mail Manual

152.32 Additional Postage for Nondenominated Postage Stamps, Forever Stamps, or Forever Print-on-Demand Indicias

Because international postage prices are always higher than the comparable domestic postage prices, mailers who affix a single nondenominated postage stamp (see 152.31b), a single nondenominated semi-postal stamp (see 152.31c), a single domestic Forever stamp (see 152.31d), or a single Forever Print-on-Demand Indicia label (see 152.4) to their outbound mailpieces must add additional postage to comply with the international price schedule.

152.33 Precanceled Stamps

Except for the "Nonprofit Org." variant, mailers may use precanceled stamps for only IPA mailings (see 293.333) and ISAL mailings (see 293.333). The same conditions that are applicable to domestic mail under DMM 604 apply.

Postage Meters, Postage Validation Imprints (PVI), Forever Print-on-Demand Indicia, and PC Postage

Postage meter imprints, postage validation imprint (PVI) labels, Forever Printon-Demand Indicia labels, and PC Postage imprints are collectively identified as "postage evidencing systems." A postage evidencing system is a device or system of components that a customer uses to print evidence that postage required for mailing has been paid. Postage evidencing systems print indicia, such as meter imprints or information-based indicia (IBI), to indicate postage payment. Mailers may print these indicia directly on a mailpiece or on a label that is affixed to a mailpiece to pay postage and fees for extra services (see chapter 3) for all single-piece mail transactions. In addition, postage meters may also be used to pay for the "per piece price" portion of IPA (see 292) and ISAL (see 293) mailings. For additional information, including a listing of authorized postage meter and PC Postage providers, see DMM 604.4.

152.5 Additional Standards for Forever Print-on-Demand Indicia Labels

Mailers may use the USPS-produced Forever Print-on-Demand Indicia labels, which bear an information-based indicia (IBI) and the word "Forever," in the same way as the Forever stamp described in 152.31d.

152.6 **Permit Imprint**

152.61 Conditions of Use

Postage may be paid by permit imprint, subject to the standards in DMM 124, 604, and 705. Postage charges are computed on PS Form 3700. This postage payment method may be used for postage and extra service fees for the following services:

- a. Global Express Guaranteed service prepared under 213.8.
- b. Priority Mail Express International service prepared under <u>223.221</u>.
- c. Priority Mail International service.
- d. First-Class Mail International service.
- e. First-Class Package International Service.

International Mail Services 152.632

- f. International Priority Airmail (IPA) service.
- g. International Surface Air Lift (ISAL) service.

152.62 Place of Mailing

Mail must be deposited and accepted at the Post Office that issued the permit, at a time and place designated by the postmaster, except as otherwise provided for drop shipments.

152.63 Usage Criteria

152.631 Global Express Guaranteed, Priority Mail Express International, Priority Mail International, and First-Class Package International Service

For Global Express Guaranteed, Priority Mail Express International, Priority Mail International, and First-Class Package International Service items, a mailer may use a permit imprint for international items addressed to recipients in foreign countries as follows:

The minimum for items from one mail class is 200 pieces or 50 pounds.
 The mailer must submit the appropriate postage statement for the mail class.

Note: The mailer may submit mailings for more than just one mail class, but the mailing for each mail class must meet the minimum of 200 pieces or 50 pounds, and the mailer must submit a postage statement for each mail class. If a mailing for a mail class does not meet the minimum requirements, the mailer may qualify to use a permit imprint for international items under items 152.631b or 152.631c.

- b. If the mailer fails to meet the minimum requirement for *one* mail class (see 152.631a), the mailer may submit items from multiple mail classes totaling at least 200 pieces or 50 pounds *combined* from the various mail classes. The mailer must physically separate the items by mail class and submit a separate postage statement for each mail class.
- c. If the mailer fails to meet the minimum requirement for either *one* mail class (see 152.631a) or *multiple* mail classes (see 152.631b), the mailer may submit *international* permit imprint mailing items with any qualifying *domestic* permit imprint mailing under DMM 604 or 705, or with any qualifying *international* permit imprint mailing under 152.632 or 152.633 with no minimum quantity requirement. The mailer must physically separate the items by mail class, must submit a separate postage statement for each mail class, and must present both the international permit imprint mailing and the qualifying domestic permit imprint mailing at the same time.

152.632 First-Class Mail International

For First-Class Mail International items, a mailer may use a permit imprint for international items addressed to recipients in foreign countries *only* when a mailing contains a minimum of 200 pieces or 50 pounds of First-Class Mail International service items. In contrast to 152.631b, the mailer may *not* combine First-Class Mail International service items with items from other international mail classes, and in contrast to 152.631c, the mailer may not combine First-Class Mail International service items with domestic mail classes to reach the minimum quantity requirement.

152.633 International Mail Manual

Note: As discussed in <u>152.631c</u>, a mailer who meets the minimum requirements for First-Class Mail International service items may combine with that mailing other permit imprint mailings for Global Express Guaranteed, Priority Mail Express International, Priority Mail International, or First-Class Package International Service items. The mailer must physically separate the items by mail class and submit a separate postage statement for each mail class.

152.633 IPA and ISAL

See <u>292.23</u> and <u>293.23</u> for the minimum quantity requirements that govern the entry of International Priority Airmail (IPA) items and International Surface Air Lift (ISAL) items, respectively.

Note: As discussed in 152.631c, a mailer who meets the minimum requirements for IPA or ISAL items may combine with that mailing other permit imprint mailings for Global Express Guaranteed, Priority Mail Express International, Priority Mail International, or First-Class Package International Service items. The mailer must physically separate the items by mail class and submit a separate postage statement for each mail class.

152.634 **M-bags**

For M-bag mailings (see 260), no minimum quantity requirement applies.

152.64 Required Format

Each mailpiece sent under this payment method must bear a permit imprint indicia showing that postage is paid. Permit imprint indicia must be prepared in one of the formats shown in <u>Exhibit 152.64</u>. No variations or additions — such as Bulk Rate, Media Mail, Presorted Standard, Enhanced Carrier Route Sort, Automation Rate, Nonprofit Organization, or Bound Printed Matter — are allowed. Mailpieces may bear a company permit imprint, in which the exact name of the company or individual holding the permit is shown in the indicium in place of the city, state, and permit number. The mailer may substitute the abbreviation "INTL" in place of "INTERNATIONAL" in any of the indicia formats in <u>Exhibit 152.64</u>. Mailings prepared with a company permit imprint must comply with the standards in DMM 604.5.3.9.

212 International Mail Manual

212 Eligibility

212.1 General — All Global Express Guaranteed Shipments

Documents and general correspondence (nondutiable items) and non-documents (all dutiable items including merchandise) may be shipped using Global Express Guaranteed service. Mailers must certify that the shipment does not contain any restricted or dangerous goods prohibited by the destination country or postal regulations and does not require the filing of Electronic Export Information (EEI), formerly known as the Shipper's Export Declaration (SED). The maximum value of a Global Express Guaranteed document or non-document shipment is \$2,499 or a lesser amount as limited by country, content, or value. The sender is responsible for determining if the item is allowable despite any statement made in Publication 141, on the Global Express Guaranteed Web site, or by a Postal Service employee or the Postal Service's agents.

212.2 Customs Forms Required

PS Form 6182, Commercial Invoice, is required for certain commodities and destinations. To determine if PS Form 6182 is required for a specific mailing, refer to the "Documentation Requirement" section of the specific destination country in Publication 141.

212.3 Mail Sealed Against Inspection

Regardless of physical closure, the mailing of Global Express Guaranteed mailpieces containing non-documents constitutes consent by the mailer to inspection of the contents.

The Postal Service guarantees delivery within the service standards specified in Publication 141 or the sender may be entitled to a full refund of the postage paid. For the purpose of the money-back guarantee, the date and time of delivery, attempted delivery, or availability for delivery constitutes delivery.

212.42 Transit Days for Shipments

Transit days are available from participating Post Office facilities, online though Click-N-Ship service, and in the "Countries and Cities Served" section of Publication 141. Total transit days for Global Express Guaranteed service may be affected by factors beyond the Postal Service's control, which may include but are not limited to the following:

In accordance with the money-back guarantee standards in Publication 141, a refund request may be filed if the carrier at the destination country does not deliver the shipment, does not attempt to deliver the shipment, or does not make the shipment available on or before close of business in the local time zone in the delivery location. To request a refund or obtain details on how to file a claim, contact a customer service representative at 800-222-1811. The original receipt of the Global Express Guaranteed Air Waybill/Shipping Invoice (shipping label) is required for a postage refund. Requests for postage refunds must be made no later than 30 days from the date of mailing. The signature of the recipient or recipient's agent is required upon delivery of the refund. The money-back guarantee does not apply to shipments to post office box addresses acceptable for delivery or other exclusions defined in the "Summary of Our Terms and Conditions" section of Publication 141.

(See the Individual Country Listings for availability.) Additional insurance may be purchased for document and non-document shipments (see 212.5). The total cost of document reconstruction or for insurance purchased for non-documents cannot exceed \$2,499 or a lesser amount as limited by country, content, or value. Coverage, terms, and limitations are subject to change.

213.2 Postage Payment Methods — General

Global Express Guaranteed shipments may be paid with postage stamps, postage validation imprinter (PVI) labels, postage meter stamps, information-based indicia (IBI), PC Postage service, or permit imprint under 213.8.

213.3 **Determining Postage for Global Express Guaranteed Service**

213.31 USPS-Produced Global Express Guaranteed Envelopes

Postage for items mailed in USPS-produced Global Express Guaranteed envelopes is based on the weight of the piece. For items weighing 0.5 pound or less, the postage is the 0.5-pound price. For all other items, the postage is charged per pound or fraction thereof — any fraction of a pound is rounded up to the next whole pound.

213.32 Mailer-Supplied Packaging

Postage for items not mailed in USPS-produced Global Express Guaranteed envelopes is based on the dimensional weight, as calculated under <u>213.4</u>, or the per-pound weight or fraction thereof rounded up to the next whole pound, whichever is greater.

Conditions for Mailing 213.5

213.4 **Dimensional Weight**

213.41 **Determining Dimensional Weight for a Rectangular-Shaped Parcel**

Follow these steps to determine the dimensional weight for a rectangularshaped parcel:

- a. Determine the length, width, and height in inches. Round off each measurement to the nearest whole inch.
- b. Multiply the length by the width by the height.
- c. Divide the result by 166. For weights less than 0.5 pound, round up to 0.5 pound. For all other weights, round up to the next whole pound.

213.42 **Determining Dimensional Weight for a Nonrectangular-Shaped Parcel**

Follow these steps to determine the dimensional weight for a nonrectangular-shaped parcel:

- a. Determine the length, width, and height in inches. Measure the length, width, and height at their extreme dimensions. Round off each measurement to the nearest whole inch.
- b. Multiply the length by the width by the height.
- c. Multiply the result by an adjustment factor of 0.785.
- d. Divide the result by 166. For weights less than 0.5 pound, round up to 0.5 pound. For all other weights, round up to the next whole pound.

213.5 **Destinating Countries and Price Groups**

Global Express Guaranteed service is available to the destinating countries and territories listed in <u>Exhibit 213.5</u>. Countries are placed into one of eight price groups.

For purposes of computing the delivery guarantee, Postal Service acceptance of a Global Express Guaranteed shipment occurs when it is received and scanned at a participating Global Express Guaranteed Post Office facility. Collection box deposit and Package Pickup service do not constitute Postal Service acceptance of a Global Express Guaranteed shipment. Acceptance occurs when the shipment is brought back to the Post Office facility and the acceptance office performs a retail system scan and verifies the weight, dimensions, and postage of the shipment. For items paid with Click-N-Ship service, the customer will receive an e-mail verification of the acceptance date, time, and weight, as well as a verification of the amount of postage applicable for the shipment.

Note: Customers paying postage online must enter their shipment via any of the authorized methods outlined in 215.21 within 24 hours of the time when the label is printed, or the transaction will be void.

A First-Class Mail International large envelope (flat) that does not meet the standards in 241.23 is not eligible for the large envelope (flat) size price and is charged the applicable First-Class Package International Service (small packet) price.

241.233 Color

Light-colored envelopes that do not interfere with the reading of the address and postmark must be used. Brilliant colored envelopes are not authorized.

241.234 **Quality**

Flats must be constructed to be strong enough to withstand normal handling. Highly glazed paper or paper with a design that affects readability or processing is not acceptable.

241.235 Uniform Thickness

Large envelopes (flats) must be uniformly thick so that any bumps, protrusions, or other irregularities do not cause more than a 1/4-inch variance in thickness. When determining variance in thickness, exclude the outside edges of a mailpiece (1 inch from each edge) when the contents do not extend into those edges. Also, exclude the selvage of any polywrap covering from this determination. Mailers must secure nonpaper contents to prevent shifting of more than 2 inches within the mailpiece if shifting would cause the piece to be nonuniform in thickness or would result in the contents bursting out of the mailpiece.

241.236 Minimum Flexibility

Large envelopes (flats) must be flexible. Boxes with or without hinges, gaps, or breaks that allow the piece to bend are not considered large envelopes (flats). Tight envelopes or wrappers that are filled with one or more boxes are not considered large envelopes (flats). Customers have the option to perform the tests described below and illustrated in Exhibit 241.236a—Exhibit 241.236a—Exhibit on their own mailpieces. When a Postal Service employee observes a customer demonstrating that a flat-size piece is flexible according to these standards, the employee does not need to perform the test. Test flats as follows:

- a. All large envelopes (flats) (see Exhibit 241.236a):
 - (1) Place the piece with the length parallel to the edge of a flat surface and extend the piece halfway off the surface.
 - (2) Press down on the piece at a point 1 inch from the outer edge, in the center of the piece's length, exerting steady pressure.
 - (3) The piece is not flexible if it cannot bend at least 1 inch vertically without being damaged.
 - (4) The piece is flexible if it can bend at least 1 inch vertically without being damaged and does not contain a rigid insert. No further testing is necessary.
 - If the piece can bend at least 1 inch vertically without being damaged but contains a rigid insert, test the piece according to 241.236b or 241.236c.

Flexibility Test — All Large Envelopes (Flats)

- Large envelopes 10 inches or longer that demonstrate the required flexibility in 241.236a but that contain a rigid insert (see <u>Exhibit</u> 241.236b):
 - (1) Place the piece with the length perpendicular to the edge of a flat surface and extend the piece 5 inches off the surface.
 - (2) Press down on the piece at a point 1 inch from the outer edge, in the center of the piece's width, exerting steady pressure.
 - (3) Turn the piece around and repeat steps 1 and 2. The piece is flexible if both ends can bend at least 2 inches vertically without being damaged.

 - (2) Press down on the piece at a point 1 inch from the outer edge, in the center of the piece's width, exerting steady pressure.

Conditions for Mailing 262.4

261.23 Mail Not Sealed Against Inspection

M-bags are not sealed against inspection. Regardless of physical closure, the mailing of an M-bag, including an airmail, IPA, or ISAL M-bag, constitutes consent by the mailer to inspection of the contents.

262 Postage Prices and Fees

262.1 Airmail M-bags

Airmail M-bags may contain any type of allowable printed matter and certain other articles (see <u>261.22</u>). See the Individual Country Listings for the Price Group and maximum weight limit for each country. Each Airmail M-bag that weighs 11 pounds or less is charged the applicable 11-pound price; a bag that exceeds 11 pounds is charged the applicable 11-pound price and the applicable per-pound price for each additional pound or fraction of a pound over 11 pounds.

262.2 International Priority Airmail (IPA) M-bags

IPA M-bags that are entered in conjunction with an IPA mailing (see 292) may contain all types of allowable printed matter and certain other items (see 261.22). See Notice 123, Price List, for the postage price that applies to M-bags mailed to each IPA destination country. Each full-service IPA M-bag that weighs 11 pounds or less is charged the applicable 11-pound price; a bag that exceeds 11 pounds is charged the applicable 11-pound price and the applicable per-pound price for each additional pound or fraction of a pound over 11 pounds. Each International Service Center (ISC) drop shipment IPA M-bag that weighs 5 pounds or less is charged the applicable 5-pound price; a bag that exceeds 5 pounds is charged the applicable 5-pound price and the applicable per-pound price for each additional pound or fraction of a pound over 5 pounds.

See Notice 123, Price List, for the postage price that applies to M-bags mailed to each ISAL destination country. Each full-service ISAL M-bag that weighs 11 pounds or less is charged the applicable 11-pound price; a bag that exceeds 11 pounds is charged the applicable 11-pound price and the applicable per-pound price for each additional pound or fraction of a pound over 11 pounds. Each International Service Center (ISC) drop shipment ISAL M-bag that weighs 5 pounds or less is charged the applicable 5-pound price; a bag that exceeds 5 pounds is charged the applicable 5-pound price and the applicable per-pound price for each additional pound or fraction of a pound over 5 pounds.

262.4 Postage Calculation

The amount of postage paid by the mailer is determined by the weight of the sack's contents, rounded to the next whole pound. For example, if the total weight of the printed matter in an M-bag is 23.2 pounds, exclusive of the tare weight of the sack, the postage computation is based on a total content weight of 24 pounds.

262.5 International Mail Manual

262.5 Stamps, Postage Evidencing Systems, PVI Labels, or Permit Imprint

M-bag postage can be paid by the following means:

- a. By affixing postage stamps, meter stamps, PC Postage, or a postage validation imprinter (PVI) label to PS Tag 158, *M-bag Addressee Tag.*
- b. By placing a permit imprint on PS Tag 158, M-bag Addressee Tag, and making payment through an advance deposit account. Only the applicable permit imprint formats shown in Exhibit 152.44 are acceptable. When this method of payment is used, the minimum quantity requirement (i.e., 200 pieces or 50 pounds) that is normally a prerequisite for permit imprint usage (see 152.63) does not apply. The postage amount must be accounted for on PS Form 3700, Postage Statement International Mail.

263 Weight and Size Limits

263.1 Weight Limits

There is no minimum weight requirement for the entry of Airmail M-bags, IPA M-bags, or ISAL M-bags. The maximum weight limit for M-bags is 66 pounds, which includes the tare weight of the sack. Lower maximum weights apply to certain countries. See the Individual Country Listings.

263.2 Size Limits

There are no defined size limits so long as articles being sent can be enclosed in the mailbag.

264 Mail Preparation

264.1 Marking

264.2 Sacking and Labeling

264.21 **Equipment**

The sacks and mailing tags (i.e., PS Tag 158) needed for M-bag entry can be obtained from local Post Office facilities. Airmail pouches, if available, will be furnished to customers who intend to utilize that type of M-bag service.

264.22 Tagging

PS Tag 158, *M-bag Addressee Tag*, must be completed for all types of M-bags and attached to the neck of the sack. It must bear the requisite amount of stamped or meter postage or the sender's authorized permit imprint or indicia (see <u>262.4</u>). For IPA M-bags, mailers must also attach PS Tag 115, *International Priority Airmail*. For ISAL M-bags, mailers must also attach PS Tag 155, *Surface Airlift Mail*.

264.23 Multiple Sacks to One Addressee

If multiple sacks are sent to the same foreign addressee, PS Tag 158 must be marked with an identifiable fraction such as 1/5, 2/5, 3/5, etc.

264.24 Country Destination Name

The Post Office facility must label the sack with the name of the country of destination in large letters and the name of the U.S. dispatching exchange office in small letters (for example, Great Britain via New York), and send it to that exchange office for dispatch to destination.

264.3 Customs Forms Required

M-bags must be accompanied by a fully completed PS Form 2976, which is to be affixed to PS Tag 158, *M-bag Addressee Tag*. The maximum allowable value is \$400. When paying with a permit imprint, mailers must electronically transmit customs declaration information as required under 123.32 by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software listed at https://ribbs.usps.gov/index.cfm?page=internationalvendors. To request information about either of these software solutions, send an e-mail to *globalbusiness-sales@usps.gov*.

292 International Priority Airmail (IPA) Service

292.1 **Description**

292.11 **General**

International Priority Airmail (IPA) service, including IPA M-bags, is a commercial service designed for volume mailings of all First-Class Mail International postcards, letters, and large envelopes (flats), and for volume mailings of First-Class Package International Service packages (small packets). The sender must prepare mailpieces in accordance with the requirements of this subchapter and with the shape-based requirements of the applicable service — see 240 for First-Class Mail International items, and see 250 for First-Class Package International Service items. IPA shipments are typically flown to the foreign destinations (exceptions apply to Canada and Mexico) and are then entered into that country's air or surface priority mail system for delivery. Separate prices are provided for International Service Center (ISC) drop shipments, presorted mail, and nonpresort mail. Volume incentives are available through customized agreements.

292.12 Mail Sealed Against Inspection

With the exception of M-bags (see $\underline{261.23}$), IPA mailpieces are sealed against inspection.

292.13 **IPA M-bags**

292.131 IPA M-bags — General

IPA M-bags (direct sacks of printed matter to one addressee) may be entered in conjunction with an IPA mailing, are subject to the provisions of 260, and may be sent to all destination countries that are referenced in Exhibit 292.45a. When using this method of mail preparation, the sender must complete PS Tag 115, *International Priority Airmail*, and PS Tag 158, *M-bag Addressee Tag*. Tags must be securely attached to the neck of the sack.

292.132 International Mail Manual

292.132 IPA M-bags — Customs Forms

IPA M-bags always require a fully completed PS Form 2976, which is to be affixed to PS Tag 158. Mailers must electronically transmit customs declaration information as required under 123.32 by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software listed at https://ribbs.usps.gov/index.cfm?page=internationalvendors. To request information about either of these software solutions, send an e-mail to globalbusiness-sales@usps.gov.

292.2 Eligibility

292.21 Qualifying Mailpieces

To qualify for IPA service, a mailpiece must meet the First-Class Mail International characteristics as defined in 141.5 (except for weight — see 292.24) or the First-Class Package International Service characteristics as defined in 141.6 (except for weight — see 292.24). Mailpieces do not have to be of the same size and weight to qualify. Any item sent with IPA service must conform to the size limits for First-Class Mail International postcards, letters, or large envelopes (flats) as described in 240, or for First-Class Package International Service packages (small packets) as described in 250.

292.22 Availability

IPA service is available only to the foreign countries that are listed in Exhibit 292.45a, which shows the foreign office of exchange code and the price group assigned to each country. For additional information for Canada, see Exhibit 292.45b.

292.23 Minimum Quantity Requirements

292.27 Extra Services

Extra services are not available for items sent with IPA service.

292.3 Prices and Postage Payment Methods

292.31 **Prices**

IPA service has two price options: a presort price with 19 price groups, and a worldwide nonpresort price. Both options offer full-service prices for mail deposited at offices other than the drop shipment offices listed in 292.532, and drop shipment prices for mail deposited at one of the drop shipment offices. The per-piece price and per-pound price are shown in Notice 123, Price List. The per-piece price applies to each piece regardless of its weight. The per-pound price applies to the net weight (gross weight minus tare weight of container) of the mail for the specific price group. Fractions of a pound are rounded to the next whole pound for postage calculation.

292.32 Computation of Postage

Postage is computed on PS Form 3700, *Postage Statement — International Mail.*

292.321 Computing Worldwide Nonpresort Prices

Compute postage at the worldwide nonpresort price as follows:

- Multiply the number of pieces in the mailing by the applicable perpiece price.
- 2. Multiply the net weight (in whole pounds) of the entire mailing by the applicable per-pound price.
- 3. Add together the two totals in steps 1 and 2.

292.322 International Mail Manual

292.322 Computing Presort Prices

Compute postage at the presorted price as follows:

- 1. Multiply the number of pieces in the mailing destined for countries in a specific price group by the appropriate per-piece price.
- 2. Multiply the net weight (in whole pounds) of those pieces by the corresponding per-pound price.
- 3. Add together the two totals in steps 1 and 2.

292.33 Postage Payment Methods

292.331 General

Postage must be paid by postage meter, permit imprint, or precanceled stamps (see DMM 604).

292.332 Postage Meter

Payments made by postage meter are subject to the following standards:

- a. Piece Price. The applicable per-piece postage shown in Notice 123,
 Price List, must be affixed to each mailpiece when paying with a meter.
 A mailer who has an ICM agreement must affix the applicable per-piece postage as set forth in the ICM agreement.
- b. Pound Price. Postage for the pound price portion must be paid either by meter stamp(s) attached to the postage statement or from the mailer's authorized permit imprint advance deposit account.
- c. Postage Endorsement. Each piece must be legibly endorsed with the words "INTERNATIONAL PRIORITY AIRMAIL."
- d. Specifications for Endorsement. The endorsement required in 292.332c must appear on the address side of each piece and must be applied by a printing press, hand stamp, or other similar printing device. It must appear either above the name of the addressee and to the left or below the postage, or adjacent to the meter stamp in either the postal inscription slug area or ad plate area. If the postal endorsement appears in the ad plate area, no other information may appear in the ad plate. The endorsement may not be typewritten or hand-drawn. The endorsement is not considered adequate if it is included as part of a decorative design or advertisement.
- e. Unmarked Pieces. Unmarked pieces lacking the postage endorsement are subject to the applicable First-Class Mail International or First-Class Package International Service single-piece price.
- f. Drop Shipment of Meter Mail. A mailer who wants to enter meter IPA mail at a Post Office facility other than where the meter is licensed must obtain a drop shipment authorization. To obtain an authorization, the mailer must submit a written request to the postmaster at the office where the mail will be entered (see DMM 705).

292.333 Precanceled Stamps

Payments made by precanceled stamps are subject to the following standards:

a. *Piece Price.* The same denomination of stamp must be affixed to every piece in the mailing.

b. Pound Price. Additional postage is paid at the time of mailing by advance deposit account or meter stamp affixed to the back of the accompanying postage statement.

- c. *Postage Endorsement.* Each piece must be legibly endorsed with the words "INTERNATIONAL PRIORITY AIRMAIL."
- d. Specifications for Endorsement. The endorsement required in 292.333c must appear on the address side of each piece and must be applied by a printing press, hand stamp, or other similar printing device. It must appear either above the name of the addressee and to the left or below the postage, or adjacent to the precanceled stamp. The endorsement may not be typewritten or hand-drawn. The is not considered adequate if it is included as part of a decorative design or advertisement.
- e. Unmarked Pieces. Unmarked pieces lacking the postage endorsement are subject to the applicable First-Class Mail International or First-Class Package International Service single-piece price.

292.334 Permit Imprint

Mailers may use a permit imprint for mailings that contain identical-weight pieces. Any of the permit imprint formats shown in Exhibit 152.64 is acceptable but must include the "INTL PRIORITY AIRMAIL" rate marking. Postage is calculated as described in 292.32 and is deducted from the mailer's advance deposit account. Permit imprints must not denote bulk mail, nonprofit, or other domestic or special mail. Mailers may use permit imprint with nonidentical-weight pieces only if authorized to use postage mailing systems under DMM 705.

292.4 Mail Preparation

292.41 Addressing and Return Address

IPA mailpieces are subject to the addressing requirements contained in 122, including the requirement of a U.S.-origin return address as defined in 122.2.

- a. Exception Canada: IPA items destined for Canada must have the applicable alphanumeric postcode included in the delivery address.
 See 122.1j for the address formatting requirements that generally apply to mailpieces sent to Canada.
- b. Exception Direct Country Containers: IPA letter-size and flat-size pieces not requiring a customs form prepared in direct country containers (see 292.46 and 292.48) are not subject to the interline addressing requirement that is specified in 122.1d. At the sender's risk, the English translation of the destination post office or city name may be omitted from an address that is printed in Russian, Greek, Arabic, Hebrew, Cyrillic, Japanese, or Chinese characters. An English translation of the country name (for example, Japan) is still required on the individual mailpieces.

292.42 International Mail Manual

292.42 Marking

292.421 Letter-Size and Flat-Size Mailpieces

The sender should mark "PAR AVION" or "AIR MAIL" on the address side of each piece. Alternatively, the user may use a bordered airmail envelope that contains an "AIR MAIL" endorsement.

292.422 Packages (Small Packets)

Items that might be mistaken for another class of mail because of their size, weight, or appearance should be marked "LETTER-POST" on the address side.

292.43 **Sealing and Packaging**

292.431 Mixed Country and Worldwide Nonpresort Price

All IPA mailpieces entered at the mixed country and worldwide nonpresort price must meet the sealing and packaging methods for First-Class Mail International service under IMM <u>244.3</u> and <u>244.4</u>, and for First-Class Package International Service under IMM <u>254.3</u> and <u>254.4</u>.

At the mailer's option, a finer sortation for IPA items addressed to Australia may be used. If this option is chosen, items addressed with postal codes beginning with 0, 1, 2, 4, and 9 and uncoded mail should be sorted and prepared in direct country containers tagged to Sydney. Both the three-letter exchange office code ("SYD") and the country name ("Australia") should be entered in the "To" block of PS Tag 115, International Priority Airmail. Items addressed with postal codes beginning with 3, 5, 6, 7, and 8 should be sorted and prepared in direct country containers tagged to Melbourne. Both the three-letter exchange office code ("MEL") and the country name ("Australia") should be entered in the "To" block of PS Tag 115.

293 International Surface Air Lift (ISAL) Service

293.1 **Description**

293.11 **General**

International Surface Air Lift (ISAL) service, including ISAL M-bags, is a commercial service designed for volume mailings of all First-Class Mail International postcards, letters, and large envelopes (flats), and for volume mailings of First-Class Package International Service packages (small packets). The sender must prepare mailpieces in accordance with the requirements of this subchapter and with the shape-based requirements of the applicable service — see 240 for First-Class Mail International items, and see 250 for First-Class Package International Service items. ISAL shipments are typically flown to the foreign destinations (exceptions apply to Canada and Mexico) and are then entered into that country's surface nonpriority mail system for delivery. Separate prices are provided for International Service Center (ISC) drop shipments, presorted mail, and nonpresort mail. Volume incentives are available through customized agreements.

293.12 Mail Sealed Against Inspection

With the exception of M-bags (see <u>261.23</u>), ISAL mailpieces are sealed against inspection.

293.13 **ISAL M-bags**

293.131 ISAL M-bags — General

ISAL M-bags (direct sacks of printed matter to one addressee) may be entered in conjunction with an ISAL mailing, are subject to the provisions of 260, and may be sent to all destination countries that are referenced in Exhibit 293.45a. When using this method of mail preparation, the sender must complete PS Tag 155, Surface Airlift Mail, and PS Tag 158, M-bag Addressee Tag. Tags must be securely attached to the neck of the sack.

293.132 ISAL M-bags — Customs Forms

ISAL M-bags always require a fully completed PS Form 2976, which is to be affixed to PS Tag 158. Mailers must electronically transmit customs declaration information as required under 123.32 by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software listed at https://ribbs.usps.gov/index.cfm?page=internationalvendors. To request information about either of these software solutions, send an e-mail to globalbusiness-sales@usps.gov.

293.2 Eligibility

293.21 Qualifying Mailpieces

To qualify for ISAL service, a mailpiece must meet the First-Class Mail International characteristics as defined in 141.5 (except for weight — see 293.24) or the First-Class Package International Service characteristics as defined in 141.6 (except for weight — see 293.24). Mailpieces do not have to be of the same size and weight to qualify. Any item sent with ISAL service must conform to the size limits for First-Class Mail International postcards, letters, or large envelopes (flats) as described in 240, or for First-Class Package International Service packages (small packets) as described in 250.

293.22 Availability

ISAL service is available only to the foreign countries that are listed in Exhibit 293.45a, which shows the foreign office of exchange code and the price group assigned to each country. For additional information for Canada, see Exhibit 293.45b.

293.23 Minimum Quantity Requirements

293.231 Minimum Quantity

All mailings must meet a minimum weight quantity of 50 pounds. To achieve the 50-pound minimum, mailings may include a combination of presort mail, worldwide nonpresort mail, or M-bags.

293.232 Presort Eligibility - Full Service

Only a direct country container with a minimum of 2 pounds qualifies for the presort price. All remaining mail must be prepared and paid at the worldwide nonpresort price.

293.233 International Mail Manual

293.233 Presort Eligibility - ISC Drop Shipment

Eligibility for the presort price is as follows:

 Direct country price. For price groups 1–19, a minimum of 2 pounds for each container.

b. *Mixed country price*. For price groups 9–14, a minimum of 5 pounds for each *price group*; for price groups 10–15, a minimum of 5 pounds for each *price group* when prepared under 293.482a, or a minimum of 5 pounds for each *sack* when prepared under 293.482b.

All remaining mail must be prepared and paid at the worldwide nonpresort price.

293.24 Maximum Weight Limits

The maximum weight for an ISAL container is 66 pounds. The maximum weight for an individual ISAL item is as follows:

Letter-size item: 3.5 ounces.

b. Flat-size item: 17.6 ounces.

c. Package-size item: 4.4 pounds.

293.25 **Dutiable Items**

Dutiable items may be sent in accordance with the applicable rules in this subchapter for each respective category of mail. Priority Mail International items, either ordinary or insured, may not be mailed with ISAL service.

293.26 Customs Forms Requirements

For items requiring PS Form 2976, mailers must electronically transmit customs declaration information as required under 123.32 by using USPS-produced Global Shipping Software (GSS) or other USPS-approved software listed at https://ribbs.usps.gov/index.cfm?page=internationalvendors. To request information about either of these software solutions, send an e-mail to globalbusiness-sales@usps.gov.

293.27 Extra Services

Extra services are not available for items sent with ISAL service.

293.3 Prices and Postage Payment Methods

293.31 **Prices**

ISAL service has two price options: a presort price with 19 price groups, and a worldwide nonpresort price. Both options offer full-service prices for mail deposited at offices other than the drop shipment offices listed in 293.532, and drop shipment prices for mail deposited at one of the drop shipment offices. The per-piece price and per-pound price are shown in Notice 123, Price List. The per-piece price applies to each piece regardless of its weight. The per-pound price applies to the net weight (gross weight minus tare weight of container) of the mail for the specific price group. Fractions of a pound are rounded to the next whole pound for postage calculation.

293.32 Computation of Postage

Postage is computed on PS Form 3700, *Postage Statement — International Mail.*

293.321 Computing Worldwide Nonpresort Prices

Compute postage at the worldwide nonpresort price as follows:

- 1. Multiply the number of pieces in the mailing by the applicable perpiece price.
- 2. Multiply the net weight (in whole pounds) of the entire mailing by the applicable per-pound price.
- 3. Add together the two totals in steps 1 and 2.

293.322 Computing Presort Prices

Compute postage at the presorted price as follows:

- 1. Multiply the number of pieces in the mailing destined for countries in a specific price group by the appropriate per-piece price.
- 2. Multiply the net weight (in whole pounds) of those pieces by the corresponding per-pound price.
- 3. Add together the two totals in steps 1 and 2.

293.33 Postage Payment Methods

293.331 General

Postage must be paid by postage meter, permit imprint, or precanceled stamps (see DMM 604).

293.332 Postage Meter

Payments made by postage meter are subject to the following standards:

- a. Piece Price. The applicable per-piece postage shown in Notice 123,
 Price List, must be affixed to each mailpiece when paying with a meter.
 A mailer who has an ICM agreement must affix the applicable per-piece postage as set forth in the ICM agreement.
- b. Pound Price. Postage for the pound price portion must be paid either by meter stamp(s) attached to the postage statement or from the mailer's authorized permit imprint advance deposit account.
- c. Postage Endorsement. Each piece must be legibly endorsed with the words "INTERNATIONAL SURFACE AIR LIFT" or "ISAL."
- d. Specifications for Endorsement. The endorsement required in 292.332c must appear on the address side of each piece and must be applied by a printing press, hand stamp, or other similar printing device. It must appear either above the name of the addressee and to the left or below the postage, or adjacent to the meter stamp in either the postal inscription slug area or ad plate area. If the postal endorsement appears in the ad plate area, no other information may appear in the ad plate. The endorsement may not be typewritten or hand-drawn. The endorsement is not considered adequate if it is included as part of a decorative design or advertisement.
- e. Unmarked Pieces. Unmarked pieces lacking the postage endorsement are subject to the applicable First-Class Mail International or First-Class Package International Service single-piece price.

293.333 International Mail Manual

f. Drop Shipment of Meter Mail. A mailer who wants to enter meter ISAL mail at a Post Office facility other than where the meter is licensed must obtain a drop shipment authorization. To obtain an authorization, the mailer must submit a written request to the postmaster at the office where the mail will be entered (see DMM 705).

293.333 Precanceled Stamps

Payments made by precanceled stamps are subject to the following standards:

- a. *Piece Price.* The same denomination of stamp must be affixed to every piece in the mailing.
- b. Pound Price. Additional postage is paid at the time of mailing by advance deposit account or meter stamp affixed to the back of the accompanying postage statement.
- c. Postage Endorsement. Each piece must be legibly endorsed with the words "INTERNATIONAL SURFACE AIR LIFT" or "ISAL."
- d. Specifications for Endorsement. The endorsement required in 293.333c must appear on the address side of each piece and must be applied by a printing press, hand stamp, or other similar printing device. It must appear either above the name of the addressee and to the left or below the postage, or adjacent to the precanceled stamp. The endorsement may not be typewritten or hand-drawn. The endorsement is not considered adequate if it is included as part of a decorative design or advertisement.
- e. Unmarked Pieces. Unmarked pieces lacking the postage endorsement are subject to the applicable First-Class Mail International or First-Class Package International Service single-piece price.

293.334 Permit Imprint

Mailers may use a permit imprint for mailings that contain identical-weight pieces. Any of the permit imprint formats shown in 152.64 is acceptable but must include the "INTL SURFACE AIR LIFT" rate marking. Postage is calculated as described in 293.32 and is deducted from the mailer's advance deposit account. Permit imprints must not denote bulk mail, nonprofit, or other domestic or special mail. Mailers may use permit imprint with nonidentical-weight pieces only if authorized to use postage mailing systems under DMM 705.

293.4 Mail Preparation

293.41 Addressing and Return Address

ISAL mailpieces are subject to the addressing requirements contained in 122, including the requirement of a U.S.-origin return address as defined in 122.2.

a. Exception — Canada: ISAL items destined for Canada must have the applicable alphanumeric postcode included in the delivery address.
 See 122.1j for the address formatting requirements that generally apply to mailpieces sent to Canada.

b. Exception — Direct Country Containers: ISAL letter-size and flat-size pieces not requiring a customs form prepared in direct country containers (see 293.46 and 293.48) are not subject to the interline addressing requirement that is specified in 122.1d. At the sender's risk, the English translation of the destination post office or city name may be omitted from an address that is printed in Russian, Greek, Arabic, Hebrew, Cyrillic, Japanese, or Chinese characters. An English translation of the country name (for example, Japan) is still required on the individual mailpieces.

293.42 Marking

293.421 Letter-Size and Flat-Size Mailpieces

The sender should mark "INTERNATIONAL SURFACE AIR LIFT" or "ISAL" on the address side of each piece. Use of bordered airmail envelopes is prohibited.

293.422 Packages (Small Packets)

Items that might be mistaken for another class of mail because of their size, weight, or appearance should be marked "LETTER-POST" on the address side.

293.43 Sealing and Packaging

293.431 Mixed Country and Worldwide Nonpresort Price

All ISAL mailpieces entered at the mixed country and worldwide nonpresort price must meet the sealing and packaging methods for First-Class Mail International service under IMM <u>244.3</u> and <u>244.4</u>, and for First-Class Package International Service under IMM <u>254.3</u> and <u>254.4</u>.

293.432 Direct Country Price

Mailers must meet the following sealing and packaging standards for ISAL mail entered at the direct country price:

- a. *Letters*. Letter-size mailpieces entered at the direct country price must meet one of the following requirements:
 - (1) The sealing and packaging methods for First-Class Mail International service under IMM 244.3 and 244.4.
 - (2) The physical standards of a machinable letter under DMM 201.3.
- b. *Flats*. Flat-size mailpieces entered at the direct country price must meet the sealing and packaging methods for First-Class Mail International service under IMM 244.3 and 244.4.
- c. Small Packets. Package-size mailpieces (small packets) entered at the direct country price must meet the sealing and packaging methods for First-Class Package International Service under IMM 254.3 and 254.4.

293.44 Physical Characteristics and Requirements for All Bundles

The following standards apply:

 a. Thickness. Bundles of letter-size mail should be no thicker than approximately a handful of mail (4 to 6 inches thick). Bundles of flatsize mail may be thicker than 6 inches but must not weigh more than 11 pounds.

293.45 International Mail Manual

- Securing Bundles. Each bundle must be securely tied to withstand normal transit. Placing rubber bands around the length and then the girth is the preferred method of securing bundles of letter-size mail.
 Plastic strapping placed around the length and then the girth is the preferred method of securing bundles of flat-size mail.
- c. Separation of Bundles. Letter-size and flat-size mail must be bundled separately.
- d. Facing of Pieces. All pieces in bundles must be faced in the same direction.

Note: Parcel-size pieces do not require bundling.

² To expedite handling, Japan Post has requested that U.S. shippers make the following optional separation of their ISAL mail:

Mail destined for locations in Japan with post code prefixes 52–93 should be labeled to Osaka International (KIX).

⁻ Mail destined for all other post code prefixes should be labeled to Kawasaki (KWS).

ISAL mail that is not optionally separated as specified above should be labeled to Kawasaki KWS).

293.46 Presort Mailings: Direct Country — Price Groups 1 through 14 293.461 General

Price groups 1 through 14 may be prepared in direct country containers (full-service price and ISC drop shipment price). Each direct country container must contain at least 2 pounds of mail. The mailer must separately containerize items bearing customs forms from items not bearing customs forms and must prepare letter-size, flat-size, and package-size items in separate containers as defined in 293.462c. Smaller quantities qualify only for a mixed country price (price groups 9 through 14 only) under 293.47, or for the worldwide nonpresort price under 293.49. The maximum container weight is 66 pounds.

293.462 Preparation

The mailer must prepare direct country containers of presorted ISAL mail (full-service price and ISC drop shipment price) as follows:

- a. Letter-Size and Flat-Size Mail. For each direct country container of letter-size or flat-size mail, the mailer must do the following:
 - (1) Mail Preparation. Prepare letter-size items in letter trays, either 1-foot or 2-foot, depending on volume. Prepare flat-size items in flat trays/tubs. Do not prepare the content of trays in bundles. Face all letter-size items and flat-size items in the same direction.

293.462 International Mail Manual

- Ensure that all trays are full enough to keep the mail from mixing during transportation. Cover (i.e., sleeve or lid) all letter-size and flat-size trays and secure them with strapping.
- (2) Container Tags. Complete the front side of PS Tag 155, International Surface Air Lift, which identifies the mail to ensure it receives priority handling. Check the appropriate box to indicate if the container contains items with or without customs forms, identify the destination country, and enter the date of mailing, the 10-digit permit number, the foreign office of exchange code as listed in Exhibit 293.45a or Exhibit 293.45b, and the price group as listed in Exhibit 293.45a. To the front side of the tag, apply a barcode that indicates the mailer's permit number, the product code, the service type code, the container type code, the mail contents shape type code, the foreign office of exchange code, and the serial number of the container. (To request technical specifications for the barcode, send an e-mail to globalbusiness-sales@usps.gov.) Finally, tape the PS Tag 155 to the tray cover.
- b. *Packages*. For each direct country container of package-size items, the mailer must do the following:
 - (1) *Mail Preparation*. Prepare package-size items by placing them loose in sacks.
 - (2) Container Tags. Complete the front side of PS Tag 155, International Surface Air Lift, which identifies the mail to ensure it receives priority handling. Check the appropriate box to indicate if the container contains items with or without customs forms, identify the destination country, and enter the date of mailing, the 10-digit permit number, the foreign office of exchange code as listed in Exhibit 293.45a or Exhibit 293.45a, and the price group as listed in Exhibit 293.45a. To the front side of the tag, apply a barcode that indicates the mailer's permit number, the product code, the service type code, the container type code, the shape type code, the foreign office of exchange code, and the serial number of the container. (To request technical specifications for the barcode, send an e-mail to globalbusiness-sales@usps.gov.) Finally, attach PS Tag 155 to the neck of the sack.
- c. Direct Country Container Label. A mailer who claims the ISC drop shipment price and enters the mail at an authorized drop shipment location under 293.532 is not required to prepare container labels. A mailer who claims the full-service price must complete 2-inch container labels (and insert them into the applicable container label holder) as follows (see Exhibit 293.462 for the list of U.S. Exchange Offices):

293.47 **Presort Mailings: Mixed Country — Price Groups 9 through 14** 293.471 **General**

The mailer may prepare price groups 9 through 14 in mixed country containers (ISC drop shipment price) only after all possible direct country containers have been prepared. Each mixed country price group must contain at least 5 pounds of mail that is destined within the same price group. The mailer must separately containerize items bearing customs forms from items not bearing customs forms and must prepare letter-size, flat-size, and package-size items in separate containers as defined in 293.472a and 293.472b. Smaller quantities qualify only for the worldwide nonpresort price under 293.49. The maximum container weight is 66 pounds.

293.472 **Preparation**

The mailer must prepare mixed country containers of presorted ISAL mail (ISC drop shipment price) as follows:

- a. Letter-Size and Flat-Size Mail. For each mixed country container of letter-size or flat-size mail, the mailer must do the following:
 - (1) Mail Preparation. Prepare letter-size items in letter trays, either 1-foot or 2-foot, depending on volume. Prepare flat-size items in flat trays/tubs. Bundle letter-size and flat-size pieces as defined in 293.44, and bundle each country separately. Face all letter-size items and flat-size items in the same direction and apply a label (facing slip) to the top item as defined in 293.473. Cover (i.e., sleeve or lid) all letter-size trays and flat-size trays/tubs and secure them with strapping.

The fee paid for certificates of mailing does not insure the item against loss or damage. The Postal Service postmarks (round-dates) each form or firm sheet at the time of mailing and then returns it to the mailer as the mailer's receipt.

311.2 Availability

311.21 At Time of Purchase

A customer may purchase a certificate of mailing (individual pieces) when sending the following:

- a. Postcards.
- b. Unregistered First-Class Mail International items.

- e. Unregistered Priority Mail International Flat Rate Envelopes or Small Flat Rate Priced Boxes.
- f. Ordinary (uninsured) Priority Mail International parcels including Medium and Large Flat Rate Boxes.

330 Registered Mail

331 Description

Customers may use Registered Mail service for additional protection and security in dispatch and conveyance in the United States. For each registered item a mailing receipt is issued by the office of mailing and a record of delivery is maintained at the office of destination. Indemnity limits are much lower for Registered Mail items than for insured mail. 381 International Reply Coupons

381.1 **Description**

As of January 27, 2013, the U.S. Postal Service no longer sells international reply coupons. However, coupons previously sold by the U.S. Postal Service can still be used or exchanged (see 381.2). The following standards apply to international reply coupons:

- The sender of a letter may prepay a reply by purchasing reply coupons that are sold and exchangeable for postage stamps by participating postal administrations in member countries of the Universal Postal Union.
- International reply coupons (in French, Coupons-Reponse Internationaux) are printed in blue ink on paper that has the letters "UPU" in large characters in the watermark. The front of each coupon is printed in French. The reverse side of the coupon, which has text

relating to its use, is printed in German, English, Arabic, Chinese, Spanish, or Russian.

381.2 Previously Sold Coupons and Exchange Value

The following standards apply to the exchange of international reply coupons:

- a. International reply coupons sold by the United States Postal Service prior to January 27, 2013, are exchangeable in any other member country for a stamp or stamps representing the minimum postage on an unregistered air letter. Unused U.S. coupons (that is, those with the U.S. selling price stamped on them that are not ultimately redeemed by recipients in other countries) may be exchanged only by the original purchaser for United States postage stamps at a discount of 1 cent below the purchase price.
- b. With the exceptions noted in 381.3d, international reply coupons purchased in foreign countries are exchangeable at U.S. Post Office facilities toward the purchase of postage stamps and embossed stamped envelopes at the current maximum First-Class Mail International 1-ounce, letter-size price, per coupon, irrespective of the country where they were purchased. See Notice 123, *Price List*.

381.3 Processing Requests

The following standards apply when processing international reply coupons:

- a. Under Universal Postal Union's regulations, participating member countries are *not* required to place a control stamp or postmark on the international reply coupons that they sell. Therefore, some foreign issue reply coupons that are tendered for redemption may bear the name of the issuing country (generally in French) rather than the optional control stamp or postmark. Such coupons are exchangeable for U.S. postage as specified in 381.2b.
- b. A Post Office facility redeeming an unused U.S. coupon must postmark it in the unpostmarked circle. A Post Office facility exchanging a foreign reply coupon must postmark it. Post Office facilities must not accept foreign coupons that already bear a United States Postal Service postmark.
- c. The only valid version of the international reply coupons printed by the Universal Postal Union is Item Number 330800, which is approximately 3.75 inches by 6 inches, has a barcode on the reverse side, and has an expiration date of December 31, 2013.
- d. Reply coupons formerly issued by the Postal Union of the Americas and Spain are no longer valid. These coupons are printed in green ink and bear the caption *Cupon Respuesta America-Espanol*. Customers possessing any of these coupons should return them to their correspondents in the country of issue for redemption through the selling post office.
- e. Postmasters must process exchanged foreign and redeemed U.S. international reply coupons as prescribed in Handbook F-101, *Field Accounting Procedures*, in section 11-6.6, "International Reply Coupons."

382 International Business Reply Service

382.1 **Description**

International Business Reply Service (IBRS) (in French, "Correspondance Commerciale-Réponse Internationale," abbreviated "CCRI") is similar to domestic business reply mail service. It allows envelopes and cards to be distributed to and deposited in certain foreign countries for return to the addressee in the United States without prepayment of postage. Postage and service fees are collected from the U.S. addressee at delivery. Extra services cannot be used with IBRS.

382.2 Availability

In order to initiate IBRS mail the U.S. sender must be a business reply mail (BRM) permit holder who has paid the prescribed accounting fee to participate in the Qualified Business Reply Mail (QBRM) program (see DMM 505). IBRS mail must meet all specifications of QBRM including using unique ZIP+4 codes identification of the price category and using the corresponding barcode. Shortpaid Global Express Guaranteed (GXG) shipments must be endorsed "POSTAGE PAID" and forwarded without delay to the appropriate Global Express Guaranteed processing site. Except for items paid with Click-N-Ship postage, immediately notify the sender of the action taken and request

423.22 International Mail Manual

payment of the deficient postage. Shortpaid Global Express Guaranteed shipments paid with Click-N-Ship will be collected automatically through this system.

Note: Global Express Guaranteed shipments must not be held for postage due payment unless the deficiency can be obtained from the sender without delaying the dispatch of the shipment.

423.22 Priority Mail Express International Shipments

423.221 Items Paid With Permit Imprint, USPS-Produced PVI Label, or USPSCA

Regardless of the amount of deficiency, consider as paid in full each shortpaid Priority Mail Express International item that is paid with a permit imprint, a USPS-produced postage validation imprinter (PVI) label, or USPS Corporate Account (USPSCA), and dispatch it to the appropriate International Service Center (ISC).

423.222 Items Paid With Any Other Postage Payment Method

The disposition of a shortpaid Priority Mail Express International item paid with a postage payment method other than a permit imprint, USPS-produced PVI label, or USPSCA is based on the amount of the deficiency, as follows:

- a. Shortpaid \$3.50 or less: Consider the item paid and dispatch it to the country of destination.
- b. Shortpaid more than \$3.50: Base the disposition on whether or not the item has a return address, as follows:
 - (1) With a return address: Return the item to the sender. Endorse the item with rubber stamp R-1300-230, *Return For...Additional Postage*.
 - (2) Without a return address: Forward the item to the Mail Recovery Center for proper disposition.

423.23 Priority Mail International Parcel Items (Other Than Priority Mail International Flat Rate Envelopes and Small Flat Rate Boxes)

423.231 Items Paid With a Permit Imprint or USPS-Produced PVI Label

Regardless of the amount of deficiency, consider as paid in full each shortpaid Priority Mail International parcel item that is paid with a permit imprint or USPS-produced postage validation imprinter (PVI) label, and dispatch it to the appropriate International Service Center (ISC).

423.232 Items Paid With Any Other Postage Payment Method

The disposition of a shortpaid Priority Mail International parcel item paid with a postage payment method other than a permit imprint or USPS-produced PVI label is based on the amount of the deficiency, as follows:

- a. Shortpaid \$3.50 or less: Consider the item paid and dispatch it to the country of destination.
- b. Shortpaid more than \$3.50: Base the disposition on whether or not the item has a return address, as follows:
 - (1) With a return address: Return the item to the sender. Endorse the item with rubber stamp R-1300-230, *Return For...Additional Postage*.

(2) Without a return address: Forward the item to the Mail Recovery Center for proper disposition.

Note: For Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes, see 423.24.

423.24 First-Class Mail International Items (including Postcards), First-Class Package International Service Items, Airmail M-bags, Priority Mail International Flat Rate Envelopes, and Priority Mail International Small Flat Rate Priced Boxes

423.241 Items Paid With a Permit Imprint or USPS-Produced PVI Label

Regardless of the amount of deficiency, consider as paid in full each shortpaid First-Class Mail International item (including a postcard), First-Class Package International Service item, Airmail M-bag, Priority Mail International Flat Rate Envelope, and Priority Mail International Small Flat Rate Priced Box that is paid with a permit imprint or USPS-produced postage validation imprinter (PVI) label, and dispatch it to the appropriate International Service Center (ISC).

423.242 Items Paid With Any Other Postage Payment Method

The disposition of a shortpaid First-Class Mail International item (including a postcard), First-Class Package International Service item, Airmail M-bag, Priority Mail International Flat Rate Envelope, and Priority Mail International Small Flat Rate Priced Box that is paid with a postage payment method other than a permit imprint or USPS-produced PVI label is based on the amount of the deficiency, as follows:

- a. Shortpaid \$1.00 or less: Consider the item paid and dispatch it to the appropriate International Service Center (ISC). Endorse the item with a T-stamp in accordance with section 451.4 of Handbook T-5, International Mail Operations. If a T-stamp is not available, endorse the item with a Postage Due stamp and enter the amount of the deficiency on the mailpiece.
- b. Shortpaid more than \$1.00: Base the disposition on whether or not the item has a return address, as follows:
 - (1) With a return address: Return the item to the sender. Endorse the item with rubber stamp R-1300-230, *Return For...Additional Postage*.
 - (2) Without a return address: Forward the item to the Mail Recovery Center for proper disposition.

423.3 Credit for Postage Paid

When computing the postage due on items that are returned to sender for insufficient postage, allow a credit for the postage already paid.

423.4 Parcels at Other Than Mailing Offices

Originating Network Distribution Centers (NDCs) must check for shortpaid parcels addressed to Canada and Mexico. Sectional centers and other intermediate offices, however, should not attempt to verify postage payment on parcels.

430 International Mail Manual

430 Improperly Prepared Mail

431 Insufficient Address

If an item is improperly addressed, but the country of destination is legibly written, dispatch it to the exchange office. The exchange office will determine whether the address is sufficient.

Note: Due to heightened security, many foreign postal administrations require complete sender and addressee information in roman letters and arabic numerals on postal items.

432 Oversized or Undersized Items

Post Office facilities must return to the sender any item that is more than the prescribed maximum size or is less than the prescribed minimum size. If the sender is not known, the item must be dispatched to the mail recovery center.

433 Oversized Cards

Return oversized cards (those exceeding 9-1/4 x 4-3/4) to the sender. If the sender is unknown, dispatch cards to the exchange office.

434 Reply-Paid Cards

- a. Reply-paid cards, except International Business Reply items, are not accepted as international mail.
- Any outbound reply-paid cards bearing foreign postage (foreign reply-paid cards) must be returned to the sender for proper U.S. postage to be affixed. If there is no return address, send cards to mail recovery center.

435 Detached Customs Declaration Forms

When a detached customs declaration form is found, attempt to locate the related package and attach the form to it. If the package cannot be located, dispose of the customs declaration form as waste.

440 Mailpiece Refused by an Air Carrier

441 Item Containing Nonmailable, Hazardous, or Perishable Material

When an air carrier refuses a mailpiece containing nonmailable, hazardous, or perishable material, Postal Service employees will follow the standards in section 727.2 or 742.3 of Publication 52, *Hazardous, Restricted, and Perishable Mail*. In such an instance, the customer may be eligible for refund of postage consistent with IMM 941, IMM 942, and DMM 604.9.

442 Mailable Item

For all mail classes with the exception of Global Express Guaranteed service, when an air carrier refuses a properly prepared and labeled mailable international mailpiece, the Postal Service will attempt to find a suitable alternative air carrier. However, if it cannot identify another air carrier, the Postal Service will file an incident report and will return the item to the sender using Label 180, *Air Carrier Rejected Mail*. In such an instance, the customer may apply for refund of postage consistent with IMM <u>941</u>, IMM <u>942</u>, and DMM 604.9.

Note: For a refused mailable item, the mailer may have the option to send the item using Global Express Guaranteed (GXG) service, which uses a unique transportation network. The item must be otherwise mailable using GXG service (see 210), GXG service must be available to the destination country (see 213.5), and the mailer must enter the item through a Post Office facility that accepts GXG items (see 215.1). In addition, the mailer must apply a new shipping label (see 214.1) with new postage (based on the item's weight and the destination country's GXG price group), and must obliterate any markings or labels (e.g., Label 180) indicating the item was previously returned.

450 Extra Services Mail — Registered Mail

451 Recording and Dispatching

Record and dispatch outbound (international) Registered Mail items in the manner prescribed for domestic Registered Mail items.

452 Registered Mail Found With Ordinary Mail

452.1 **Disposition**

Return to the registered mailstream any item found in the ordinary mail that has been accepted as registered by the Postal Service.

452.2 Complete the Registration Process

Enter for Registered Mail service any item on which the sender has fully prepaid the postage and the registry fee and that has been endorsed to show that registry is desired. Send a mailing receipt (see 334.1) to the sender, including a reminder to the sender that mail to be registered must be presented at the Post Office facility for that purpose.

452.3 Shortpaid Mail

If the item has not been fully prepaid, return it to the sender after indicating that it is shortpaid and must be presented for registry at a Post Office facility. If the shortpaid registered item bears no return address, cross out the sender's registry endorsement and dispatch as ordinary mail.

5 Nonpostal Export Regulations

510 Office of Foreign Assets Control (OFAC) Regulations — U.S. Department of the Treasury

511 General

The Office of Foreign Assets Control (OFAC) of the U.S. Department of the Treasury administers and enforces economic and trade sanctions based on U.S. foreign policy and national security goals against targeted foreign countries and regimes, terrorists, narcotics traffickers, those engaged in activities related to the proliferation of weapons of mass destruction, and other threats to the national security, foreign policy, or economy of the United States.

Prohibited Destinations, Specially Designated Nationals, and Blocked Persons

Mailers may not send items to certain countries (Cuba, Iran, North Korea, and Sudan) or to a "blocked person." Blocked persons include individuals and entities (regardless of the mailing destination) that are listed on the OFAC Specially Designated Nationals (SDN) list. The SDN list is available online at www.treas.gov/offices/enforcement/ofac/sdn/t11sdn.pdf.

513 Additional Standards

In addition to the restrictions in 512, mailers may not send items to an entity if a blocked person owns 50 percent or more of that entity.

514 Exceptions

Many OFAC sanctions programs have exemptions that cover the mailing of items such as certain humanitarian donations, personal communications containing nothing of value, or informational materials like books, newspapers, and CDs. In addition, under each sanctions program, OFAC has established "general licenses" that authorize shipments under certain conditions. If no exemption or general license applies, a mailing may be allowed if the mailer applies for and obtains a "specific license" from OFAC.

The exemptions and general licenses are specific to each sanctions program, and mailers are advised to review the OFAC regulations applicable to the relevant sanctions program.

515 Mailer Compliance

Mailers are required to comply with these regulations. Mailers may be subject to civil and criminal penalties for failing to comply with any part of OFAC's regulations.

516 Additional Information

For additional information, including an explanation of each sanctions program, licenses, and exemptions, see the relevant set of OFAC's regulations for each sanctions program in 31 C.F.R. Chapter V, available at www.treas.gov/ofac, or contact OFAC at 202-622-2000.

520 Foreign Trade Regulations — U.S. Census Bureau

521 General

Subchapter 520 describes the various U.S. Department of Commerce, U.S. Bureau of the Census requirements when shipping goods internationally. In certain circumstances, customers are responsible for entering information on PS Form 2976 or 2976-A. Customers may be subject to civil and criminal penalties if they fail to electronically file their export information when required or if they fail to comply with the Foreign Trade Regulations in any other way.

522 Additional Assistance

Customers needing further assistance with filing requirements should contact the U.S. Census Bureau on its toll-free hotline at 800-549-0595:

- a. Option 1 Automated Export System Assistance.
- b. Option 2 Commodity Classification Assistance.
- c. Option 3 Regulatory Assistance.

Mailpieces Sent to APOs, FPOs, and DPOs

Goods mailed to APO/FPO/DPO addresses are not subject to the Foreign Trade Regulations. Accordingly, customers are not required to file electronic export information via the U.S. Census Bureau's Automated Export System or AESDirect Web site for such mailings, and they do not need to present an Automated Export System (AES) Internal Transaction Number (ITN) or AES Exemption.

524 Internal Transaction Number (ITN)

524.1 General

Under the authority of 13 U.S.C. Chapter 9, as amended by the Foreign Relations Authorization Act of 2002, P.L. 107-228, U.S. Census Bureau regulations require electronic filing of export information through the U.S. Census Bureau's Automated Export System (AES) or AES*Direct* Web site for certain outbound international shipments of goods. Before mailing,

customers subject to this filing requirement are responsible for presenting an Internal Transaction Number (ITN) or AES Downtime Citation as evidence of compliance.

The Census Bureau's regulations mandate that electronic export information be filed when any type of goods contained in a shipment (per Schedule B Export Codes at www.census.gov/foreign-trade/schedules/b) is valued at more than \$2,500, requires an export license under U.S. law, or is being sent to certain countries designated as terrorist-supporting countries under the Export Administration Regulations, subject to certain exceptions. Following are three examples to illustrate the value criterion:

- a. Example 1: An insured Priority Mail International package contains one mechanically operated watch (Schedule B item number 9101.11.0000) valued at \$2,600. The total value of goods to be mailed is \$2,600, and the value of all items within the same Schedule B number is more than \$2,500. Consequently, electronic filing and an ITN would be required (unless an exemption applies).
- b. Example 2: An insured Priority Mail International package contains one mechanically operated watch (Schedule B item number 9101.11.0000) valued at \$2,400, and one electronically operated watch (Schedule B item number 9101.91.0000) valued at \$2,400. The total value of goods to be mailed is \$4,800, but no group of items within the same Schedule B number is valued at more than \$2,500. Consequently, electronic filling and an ITN would not be required because the mechanical watch and electronic watch are in different Schedule B groups. Rather, AES Exemption "NOEEI 30.37(a)" would apply, assuming the items do not require an export license and are not being sent to a terrorist-supporting country (see 526.2).
- c. Example 3: An insured Priority Mail International package contains two mechanically operated watches (Schedule B item number 9101.11.0000), one valued at \$1,400 and one valued at \$1,500. The total value of goods to be mailed is \$2,900, and the value of all items within the same Schedule B number is more than \$2,500. Consequently, electronic filing and an ITN would be required (unless an exemption applies).

524.2 Filing Requirements

524.21 Mandatory Filing

Electronic filing of export information is required when any of the following applies:

- One or more classes of goods (per Schedule B Export Codes at <u>www.census.gov/foreign-trade/schedules/b</u>) within the item are valued at more than \$2,500, unless the shipment falls under an AES Exemption. See 524.1.
- b. The item requires an export license under U.S. law. (See <u>530</u> for additional information.)
- c. The shipment contains goods and is destined to the terroristsupporting country of Iran, Sudan, or Syria.

d. The shipment contains goods, is destined to the terrorist-supporting country of Cuba or North Korea, and does not qualify as a "gift parcel or humanitarian donation" as defined by 15 CFR § 740.12.

Note: Terrorist-supporting countries are identified in Country Group E:1 in the Export Administration Regulations, 15 CFR Part 740 Supplement 1. As of December 1, 2012, they are the countries cited in items 524.1c and d.

524.22 How to File Electronic Export Information and Obtain an Internal Transaction Number (ITN)

To file electronic export information through the U.S. Census Bureau's Automated Export System or AES*Direct* Web site and obtain an ITN, customers should use the following steps:

- 1. Go to http://aesdirect.census.gov.
- 2. Register for an AESDirect account or log into your existing account.
- Follow the instructions for the Automated Export System Certification Quiz.
- 4. The "Port of Export" code for shipping through the Postal Service is "8000."
- 5. The "Mode of Transport" is "Mail."
- 6. Leave the carrier as "SCAC/IATA," and leave the conveyance name fields blank.
- 7. After successfully filing electronic export information, AES*Direct* will provide an alphanumeric Internal Transaction Number (ITN) as confirmation. The ITN consists of the letters "AES" followed by the ITN: for example, "AES X20080930987654."

Note: If the Automated Export System is down, call the U.S. Census Bureau's toll-free information hotline at 800-549-0595, option 1. For additional information on electronic filing, use option 3.

525 AES Downtime Citation

If electronic export information filing is required but the U.S. Census Bureau's Automated Export System or AESDirect is unavailable, the mailer may ship the goods but is responsible for providing the appropriate AES Downtime Citation instead of an ITN. This citation includes the word "AESDOWN," the mailer's AES filer identification number, and the date: for example, "AESDOWN 123456789 09/30/2009."

526 **AES Exemption**

526.1 **General**

In many circumstances, electronic export information filing and an ITN may not be required when mailing goods internationally. In these circumstances, customers are directed to apply an applicable AES Exemption on the customs declaration form upon mailing. The following conditions apply:

- a. A mailer may enter one AES Exemption per addressed mailpiece.
 When multiple exemptions may apply, the mailer may select any one that applies.
- b. A mailer cannot apply an AES Exemption to shipments that require an export license.

526.2 When Applicable

Customers with shipments not meeting the mandatory filing requirements under <u>524.21</u> may apply an AES Exemption such as the following on each customs declaration form:

- a. "NOEEI 30.37(a)" for shipments when the value of each class of goods is \$2,500 or less. Mailers cannot apply this exemption to shipments that require an export license or to shipments to countries identified as terrorist-supporting countries in the Export Administration Regulations (currently, Cuba, Iran, North Korea, Sudan, and Syria).
- b. "NOEEI 30.36" for shipments to Canada that do not require an export license.
- c. "NOEEI 30.37(h)" for shipments of gift parcels and humanitarian donations as defined in 15 CFR § 740.12. This exemption may apply only to qualifying shipments to certain terrorist-supporting countries identified in 524.21c (currently, Cuba, North Korea, and Sudan). In addition, the mailer must endorse the item with the marking "GIFT Export License Not Required" on the address side of the package. The mailer must also write "GFT" in the same block as the AES Exemption on the applicable required customs declaration, as described in 527. The mailer must also complete all other blocks of the customs declaration form including the "Detailed description of contents."

Note: For more information and a complete listing of these and other AES Exemptions, see Appendix C of the Foreign Trade Regulations, 15 CFR Part 30.

527 Placement of ITN, AES Downtime Citation, or AES Exemption

When a shipment requires an ITN, AES Downtime Citation, or AES Exemption, it is the customer's responsibility to legibly write the ITN, AES Downtime Citation, or AES Exemption on the applicable customs declaration form as follows:

- a. On PS Form 2976-A, Customs Declaration and Dispatch Note CP 72, the customer should write one ITN, AES Downtime Citation, or applicable AES Exemption in block 10.
- On PS Form 2976-B, Priority Mail Express International Shipping Label and Customs Form, the customer should write one ITN, AES Downtime Citation, or applicable AES Exemption in block 3.
- c. On PS Form 2976, Customs Declaration CN 22 Sender's Declaration, the customer should check "NOEEI § 30.37(a)" or "NOEEI § 30.37(h)" (depending on the applicable AES Exemption) in block 8.

Note regarding Cuba: Consumer communications devices, computers, and software (CCD) items sent to Cuba require an electronic filing when not included as a gift parcel — see the Individual Country Listing for Cuba for information regarding CCD items. A customer using PS Form 2976 to ship CCD items to Cuba should (1) completely obliterate the check boxes and text referring to NOEEI § 30.37(a) and NOEEI § 30.37(h), and (2) write one ITN or AES Downtime Citation.

d. On editions of the Global Express Guaranteed Air Waybill/Shipping Invoice (shipping label, Item 11FGG1) printed before August 2008, the customer should write "NOEEI 30.37(a)" next to the sender's signature. Current versions of Item 11FGG1 have this AES Exemption included on the mailing label.

Note: These standards also apply to mailers who produce privately printed customs declaration forms under 123.3.

530 Commodities and Technical Data

Scope and Applicability of Export Licensing Requirements

531.1 U.S. Department of Commerce — Bureau of Industry and Security; Export Controls

The Department of Commerce's Bureau of Industry and Security (BIS) regulates the export of commodities, software, and technologies in certain circumstances, pursuant to the Commerce Department's Export Administration Regulations (EAR) (15 CFR Parts 730–774). Among other things, BIS requires exporters to apply for and receive a license before sending certain commodities, software, or technology out of the country. The EAR can be found online at www.access.gpo.gov/bis.

Other U.S. government agencies have export control responsibilities for regulating more specialized exports. For example, military goods might be subject to the licensing jurisdiction of the Directorate of Defense Trade Controls at the Department of State. The Department of the Treasury's Office of Foreign Assets Control (OFAC) administers and enforces economic and trade sanctions against targeted foreign countries, terrorism-sponsoring organizations, international narcotics traffickers, and other blocked entities. The BIS Web site identifies resource links for various U.S. government agencies with export control responsibilities. Customers may obtain a listing of these links at www.bis.doc.gov/About/reslinks.htm.

531.2 **Export Enforcement**

BIS implements and enforces the EAR. Many items regulated by the EAR are referred to as "dual-use" items, meaning that the items have both commercial and military or proliferation applications. However, many purely commercial items also are subject to the EAR. BIS's mission is to advance U.S. national security, foreign policy, and economic objectives by ensuring

an effective export control and treaty compliance system and by promoting continued U.S. strategic technology leadership. Senders must understand and comply with BIS's regulations when exporting commodities, software, or technology by mail. Postal Service employees will not advise prospective mailers of the type of license required for or the type of authorization available for the export of any item to any destination or recipient. However, if an export control violation has occurred or might occur, or for more information, contact the following source:

OFFICE OF EXPORT ENFORCEMENT (OEE) BUREAU OF INDUSTRY AND SECURITY U.S. DEPARTMENT OF COMMERCE 1401 CONSTITUTION AVE. NW WASHINGTON, DC 20230-0002

TELEPHONE: 202-482-1208.

In addition, OEE has nine field offices located throughout the United States. Information about these field offices is available at www.bis.doc.gov/about/programoffices.htm.

532 Export Licenses

532.1 General

BIS might require an export license based on several factors specific to a mailer's transaction: the nature and use of the item (commodity, software, or technology) being exported, its destination, the consignee, and the end user. Exports to certain countries are more heavily restricted than others. For example, BIS maintains comprehensive controls against countries designated as "terrorist-supporting countries" (as of October 2009, these countries are Cuba, Iran, North Korea, Sudan, and Syria).

532.2 Export — Definition

Any item that is sent from the United States to a foreign destination is an export. "Items" include commodities, software, and technology. For example, clothing, building materials, circuit boards, automotive parts, blueprints, design plans, retail software packages, and technical information are "items" that may be subject to export control.

In determining export license requirements, it does not matter how an item is transported outside the United States. For example, an item can be sent by regular mail or hand-carried on an airplane; a set of schematics can be sent via facsimile to a foreign destination, software can be uploaded to or downloaded from an Internet site, or technology can be transmitted via e-mail or during a telephone conversation. Regardless of the method used for the transfer, the transaction is considered an "export" for export control purposes. An item is also considered an export even if it is leaving the United States only temporarily, if it is leaving the United States but is not for sale (e.g., a gift), or if it is being mailed to a wholly-owned U.S. subsidiary in a foreign country. Finally, under the EAR, release of technology or source code subject to the EAR to a foreign national in the United States is "deemed" to be an export to the home country of the foreign national.

532.3 How to Determine If an Export License Is Needed

A relatively small percentage of U.S. exports require an export license from BIS. License requirements are dependent upon an item's technical characteristics, destination, recipients, and end use. The value of the shipment does not affect the export license requirements. It is the mailer's responsibility to determine if an export requires a license under the EAR. For further assistance about whether an export license might be required, visit www.export.gov/regulation or www.bis.doc.gov/licensing, or call 202-482-4811.

533 Additional Standards

533.1 Shipper's Export Declaration

Commerce Form 7525-V, *Shipper's Export Declaration*, is obsolete and no longer accepted by the Postal Service.

533.2 Shipper's Electronic Export Filing Required

If an export requires a license, the customer must electronically file export information with the U.S. Bureau of the Census before mailing (see 520).

533.3 Mailer and USPS Responsibilities for Completing and Processing Forms

533.31 Mailer Responsibilities

For items requiring an export license, the mailer must include all appropriate information on the submitted form, including the following:

- b. On PS Form 2976-B, *Priority Mail Express International Shipping Label and Customs Form*, the mailer must include an ITN or AES Downtime Citation (see 520) in block 3 and a license number in block 14.

533.32 USPS Responsibilities

Postal Service personnel must verify that the submitted form is complete and in accordance with 533.31.

540 Munitions (Defense Articles) and Related Technical Data

Licensing Requirements

541.1 Individual Licenses

541.11 Exporting Defense Articles

The exportation of defense articles requires a license issued by the U.S. Department of State, Directorate of Defense Trade Controls (DDTC). Information related to DDTC can be found at its website at www.pmddtc.state.gov/index.html. Defense articles subject to the license requirement can be found on the United States Munitions List in 22 CFR Part 121. Information concerning licenses for the export of defense articles can be found online in 22 CFR Part 123 of the International Traffic in Arms Regulations (ITAR) at www.pmddtc.state.gov/regulations_laws/ itar_official.html.

541.12 Exporting Technical Data

The exportation of "technical data" as defined in 541.121 requires a license issued by the Department of State, Directorate of Defense Trade Controls (DDTC). Information related to DDTC can be found at its website at www.pmddtc.state.gov/index.html. Information concerning licenses for the export of technical data can be found in 22 CFR Part 125 of the ITAR.

Information concerning licenses for the export of technical data can be found online in 22 CFR Part 125 of the ITAR at www.pmddtc.state.gov/regulations_laws/itar_official.html.

541.121 Technical Data — Definition

According to § 120.10 of the ITAR, "technical data" is defined as follows:

- 1. Information, other than software as defined in § 120.10(a)(4), that is required for the design, development, production, manufacture, assembly, operation, repair, testing, maintenance, or modification of defense articles. This includes information in the form of blueprints, drawings, photographs, plans, instructions, and documentation.
- 2. Classified information relating to defense articles and defense services.
- 3. Information covered by an invention secrecy order.
- 4. Software as defined in § 121.8(f) directly related to defense articles.

"Technical data" does not include information concerning general scientific, mathematical, or engineering principles commonly taught in schools, colleges, and universities, or information in the public domain as defined in § 120.11. It also does not include basic marketing information on function or purpose or general system descriptions of defense articles.

541.122 Technical Data — Exempt From Licensing

Technical data that has been published or that is otherwise exempt from licensing under 22 CFR Part 125 of the ITAR does not require a Department of State license for exportation. 590 Exporting Wildlife and Protected Plants

591 Special Requirements for Wildlife and Certain Plant Exports

Exports of wildlife items and products may be subject to declaration, license, marking, and permit requirements enforced by the U.S. Fish and Wildlife Service (USFWS). Similar requirements also apply to plants protected as endangered or threatened under U.S. law or international treaty. Live wildlife and dead animals, with only a few exceptions, may not be exported via the U.S. Postal Service (see 138.1).

592 **Declaration Requirements**

Declaration of Wildlife Exports

The following wildlife exports must be declared to USFWS and must receive clearance prior to export:

- Commercial exports of wildlife products.
- b. Shipments of items not intended for commercial use valued at \$250 or more.
- Noncommercial shipments of items that require a permit for export (e.g., products made from endangered species or migratory birds) regardless of the dollar value of the shipment.

To declare a wildlife export, shippers must complete and file Form 3-177, Declaration for Importation or Exportation of Fish or Wildlife, with USFWS. Copies are available from wildlife inspection offices (see 598), from the U.S. Customs Service, or on the Internet at www.fws.gov/le/ImpExp/fags.htm.

592.2 Declaration of Scientific Specimens or Parts

Form 3-177 is not required at the time of export for shipments of dead, preserved, dried, or embedded scientific specimens or parts when:

- a. The shipment does not require a permit from USFWS.
- b. The shipment is exported by an accredited scientist or accredited scientific institution for taxonomic or systematic research purposes.

Instead, the scientist or scientific institution (or an agent acting on their behalf) must file Form 3-177 with the assistant regional director for law enforcement in the USFWS administrative region from which the export was mailed within 180 days of export. Contact information is available on the Internet at www.le.fws.gov (click on Contacts).

Declaration of Plant Exports

The export of protected plants is regulated by the U.S. Department of Agriculture's Animal and Plant Health Inspection Service (APHIS). Plant Protection and Quarantine (PPQ) is a program within APHIS. Shippers should contact the PPQ division for additional information about export requirements for protected plants. Exporters who engage in the commercial trade of plants listed under the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) must obtain a general permit from PPQ in addition to meeting the permit requirements described in 596. All plant exports are subject to phytosanitary inspection and certification rules administered by PPQ. Information about plant export requirements can be found at www.aphis.usda.gov/import_export/index.shtml.

593 Export Licenses and Inspection Requirements for Commercial Wildlife Exports

Individuals or companies that commercially export wildlife must have a valid import/export license from USFWS. Exporters must notify USFWS and make their shipments available for inspection at least 48 hours before the planned exportation date. Exporters must pay appropriate inspection fees.

594 Marking Requirements for Wildlife Exports

All packages containing wildlife products must be marked clearly with the name and address of both the shipper and the recipient. Information identifying the contents as fish or wildlife and specifying the quantity and species involved must accompany the shipment. Federal regulations (50 CFR Part 14, Subpart H) explain how to comply with wildlife marking requirements. See 597.

Permit Requirements for Wildlife and Plant Exports

Permits are required to export any of the following by mail or other means:

- a. Any wildlife or plant (including parts and products) where the species is listed under CITES. A list of species protected under this treaty is maintained by USFWS at http://international.fws.gov.
- Any wildlife or plant (including parts and products) where the species is listed as endangered or threatened under the U.S. Endangered Species Act. Lists of these species can be found at www.fws.gov/endangered.
- c. Migratory birds, parts, feathers, nests, eggs, or items made from them. Permit requirements for export and numerous other protections apply to more than 700 bird species safeguarded under the Migratory Bird Treaty Act. A list can be found on the Internet at www.fws.gov/migratorybirds/RegulationsPolicies/mbta/mbtandx.html.

CITES-listed herbarium specimens; other preserved, dried, or embedded museum specimens; and live plant material may be exported as a noncommercial loan, donation, or exchange between registered scientists or registered scientific institutions using a CITES-authorized label instead of an export permit.

Obtaining and Using Permits for Wildlife and Protected Plant Exports

596.1 Export Permits

Shippers who need export permits or other documentation required under CITES or the Endangered Species Act should contact USFWS Office of Management Authority (800-358-2104) for the appropriate application forms and instructions. Some CITES-listed species also require permits from the importing country before they can be legally exported.

596.2 CITES Permit

The original CITES permit must accompany the shipment. All wildlife exports requiring a CITES permit that are shipped by mail, including personal items mailed overseas, must be declared to USFWS and made available for inspection and permit validation by USFWS wildlife inspectors. Exports of CITES-protected plants must be declared to the U.S. Department of Agriculture's Animal and Plant Health Inspection Service; permits for these shipments must be validated by that agency before export.

596.3 Export of Migratory Birds

The export of migratory birds, their parts, feathers, eggs, or nests, or products made from them, is prohibited except with a permit from USFWS. Permit applications and information are available from the regional Migratory Bird Permit Offices located in Albuquerque, NM; Anchorage, AK; Atlanta, GA; Denver, CO; Fort Snelling, MN; Hadley, MA; and Portland, OR.

597 How to Obtain Additional Information

Additional information about exporting wildlife products and protected plants can be found in the following sections of the Code of Federal Regulations (CFR):

- a. 50 CFR Part 14, Importation, Exportation, and Transportation of Wildlife.
- b. 50 CFR Part 23, Endangered Species Convention.
- c. 50 CFR Part 24, Importation and Exportation of Plants.

These and other Federal regulations, including those governing endangered species (50 CFR Part 17) and migratory bird permits (50 CFR Part 21), may be accessed online at http://www.gpoaccess.gov/cfr/index.html.

Shippers may also contact USFWS wildlife inspection offices for assistance with wildlife exports. Questions about the export of protected plants should be addressed to the U.S. Department of Agriculture's Animal and Plant Health Inspection Service. A list of Agriculture Inspection Stations and Offices appears in 723.

623.2 Notification of Disqualification and Appeal

If the Postal Service discovers at any time, by whatever means, that a company that has qualified as a GDE wholesaler has not complied with any of the terms and conditions in IMM 620, the Postal Service's manager of Regional Business Development will notify that company by e-mail that the company has not complied with the terms and conditions of the GDE Wholesaler Program and that the company will be stricken from the list of approved GDE wholesalers within 30 calendar days. A wholesaler who receives such notification may, within 7 days of receiving such notification, submit an appeal by e-mail to the Postal Service's executive director of Global Business Management at *globaldirect@usps.com*. The appeal must list the reasons why the company should not be stricken from the list of approved GDE wholesalers. The decision of the Postal Service's executive director of Global Business Management concerning the appeal is administratively final.

624 List of Qualified GDE Wholesalers

The Postal Service maintains a list of GDE wholesalers and makes the list available on <u>usps.com</u>, updates it periodically, and distributes it upon request to any person who indicates a need for an international consolidator for inbound international shipments.

625 Preapproved Advertising

A GDE wholesaler may state on advertising material that it has been qualified as a GDE wholesaler of the Postal Service, but the Postal Service's manager of Regional Business Development must approve, in advance and in writing, the statement as it will appear on the advertising material.

7 Treatment of Inbound Mail

710 U.S. Customs Information

711 Customs Examination of Mail Believed to Contain Dutiable or Prohibited Articles

711.1 What Is Subject to Examination

All mail originating outside the customs territory of the United States (i.e., outside the 50 states, the District of Columbia, and Puerto Rico) is subject to customs examination, except the following:

- a. Mail addressed to ambassadors and ministers (chiefs of diplomatic missions) of foreign countries.
- b. Letter mail known to contain or believed to contain only correspondence or documents addressed to diplomatic missions or to the officers of diplomatic missions; to international organizations designated by the president as public international organizations pursuant to the International Organizations Immunities Act; and other mail addressed to such international organizations pursuant to instructions issued by the U.S. Department of the Treasury.
- c. Mail known to contain or believed to contain only official documents addressed to officials of the U.S. government.
- d. Refer to ASM 274.94 for examination procedures to be followed for mail addressed for delivery in the Virgin Islands, American Samoa, the Northern Mariana Islands, Guam, and Puerto Rico.

711.2 Treatment of Mail Believed to Contain Dutiable or Prohibited Articles

711.21 Treatment at Exchange Offices

711.211 Submission to Customs Officers

Mail believed to contain articles liable to customs duty or prohibited articles is submitted immediately to a customs location as identified in <u>711.62</u>, except when exchange offices are authorized to redispatch such mail to designated distribution offices for customs treatment.

711.212 Tag 10

Exchange offices that redispatch mail for submission to customs offices will attach Tag 10, *Supposed Liable to Customs Duty* (previously Label 81), to the label holders or hasps of sacks or pouches. Tag 10 is a reusable pink slotted tag, bearing the words *This sack contains mail supposed liable to customs duty.*

711.22 Treatment at Distribution Offices

711.221 Submission to Customs Officers

Distribution offices will submit mail believed to contain articles liable to customs duty or prohibited articles to customs officers as soon as possible after receipt.

711.222 Return of Tag 10

Quantities of reusable Tags 10 that have been removed from sacks containing such mail should be returned periodically. These tags should be sent to the postmaster at either New York, New Orleans, San Francisco, Seattle, or Miami, as appropriate from a geographic standpoint.

711.23 Priority Treatment of Airmail

Airmail items receive preferential customs treatment and are submitted to customs separately from surface mail. Upon return from customs, airmail items will be dispatched by air, if that can expedite delivery.

711.3 Examination of Registered Mail and Sealed Letters

The postmaster or other designated employee must be present when Registered Mail and sealed letters (except unregistered sealed letter mail bearing a green customs label) are opened by customs officers for examination. After customs treatment, the customs officer will repack and reseal the mail.

711.4 Extraction of Samples for Advisory Information

Should a customs officer wish to obtain advisory information from a local trade expert or from the Customs Information Exchange, permit him or her to extract a sample of the contents. The customs officer will furnish the Postal Service official with two copies of Customs Form 6423, *Notice of Damage, Shortage, or Samples Retained and Notice to Call for Samples* — one for enclosure in the package and the other for the Post Office files. If the sample is to be forwarded to New York, dispatch it under official registration to:

Treatment of Inbound Mail 711.62

711.5 Treatment of Mail Following Customs Examination

711.51 Repacking After Customs Examination

711.511 Responsibility of Customs and Postal Service Employees

Customs employees are responsible for repacking and resealing mail of foreign origin after customs examination. Postal Service employees accepting mail that has been in customs custody for examination must determine from external inspection whether the mail can safely bear further handling and transportation. Customs employees are responsible for restoring mail that is not in satisfactory condition.

711.512 Customs Shipments in Bad Order

Shipments found to be in bad order in transit or at the delivery office must be reconditioned by Postal Service employees. After reconditioning such mail, the employee should note, over his or her signature on the address side of the wrapper, the bad order and any evidence of damage or missing contents.

711.52 Identification of Dutiable/Nondutiable Articles

When U.S. Customs and Border Protection (CBP) determines that an inbound shipment is subject to duty payment by the addressee, the mailpiece is returned to the Postal Service bearing an orange adhesive-backed Treasury Department envelope, which contains CBP Form 3419ALT, *Mail Entry*. When U.S. Customs determines that an inbound shipment is not subject to duty payment by the addressee, the mailpiece is returned to the Postal Service with no Customs endorsement.

711.6 Handling Subsequent to Customs Inspection

711.61 Postal Service Handling Procedures

All foreign originating mailpieces that do not bear CBP Form 3419ALT are presumed to have been "cleared through customs" without duty being assessed. Accordingly, such articles should be processed for onward dispatch, without additional delay.

Note: U.S. Customs officers are no longer placing a diamond-shaped "passed free" stamp on inbound mailpieces that are found to be *nondutiable*.

711.62 U.S. Customs Service Locations

U.S. Customs officers at the locations noted in <a>Exhibit 711.62 are authorized to perform the following tasks:

- a. Inspect foreign-originating mailpieces that arrive through each designated port of entry.
- Evaluate protests by addressees who are dissatisfied with the assessed value, rate, or amount of duty charged (see <u>713.23</u>):

712 Customs Clearance and Delivery Fee

712.1 **Description**

712.11 Collecting Postal Service Fees

Post Office facilities must collect a Postal Service fee from the addressee for each item on which customs duty or Internal Revenue tax is collected. The Postal Service fee is authorized by international postal agreements to reimburse the Postal Service for costs it incurs clearing items through customs and collecting customs duties at the time of delivery.

712.12 Collecting Postal Service Fee for Each Package

The Postal Service collects the fee on each package bearing CBP Form 3419ALT. When a single mail entry form covers several packages, the Postal Service collects the fee only on the package bearing CBP Form 3419ALT. The CBP Form 3419ALT is enclosed in an orange adhesive-backed Treasury Department envelope attached to the outside wrapper or envelope. The form indicates the tariff item number, rate of duty, and amount of duty to be collected plus a customs processing fee, which is assessed on all dutiable mail shipments.

Treatment of Inbound Mail 713.211

712.13 Accounting for the Postal Service Fee

The Postal Service fee, which is retained by the U.S. Postal Service, is accounted for by using the procedures in Handbook F-101, *Field Accounting Procedures*, subchapter 7-2.

712.2 Articles Exempted From Postal Service Fee

Post Office facilities will not collect a Postal Service fee for customs clearance and delivery in the following cases:

- On dutiable articles from overseas U.S. Post Office facilities (civil or military).
- b. On parcels assessed with duty that are delivered without collection of duty under 713.233e.
- c. On mail items examined and passed free of duty by U.S. Customs.

712.3 Amount of Postal Service Fee

See <u>Notice 123</u>, *Price List*, for the Postal Service fee for customs clearance and delivery for each dutiable item.

712.4 Postal Service Fee Not Refundable

The Postal Service fee for customs clearance and delivery is not refundable by the U.S. Postal Service even though the U.S. Customs Service may later refund the duty paid by the addressee.

712.5 Customs Duties and Customs Fee Not Exempt

The exemptions provided for in <u>712.2</u> apply only to the Postal Service fee for Customs clearance and delivery. Customs duties and customs fees are not exempt from collection.

713 Treatment of Dutiable Mail at Delivery Office

713.1 Detection and Dispatch of Dutiable Mail

713.11 **Detecting Dutiable Items**

Postal Service employees will promptly examine all inbound mail to detect dutiable items. Dutiable mail will bear the "Original" and "Addressee Receipt" copies of CBP Form 3419ALT, which are enclosed in an orange adhesive-backed Customs and Border Protection envelope attached to the wrapper or envelope.

713.12 Dispatch to Delivery Units

Dutiable mail will be forwarded promptly to delivery units.

713.2 **Delivery of Dutiable Mail**

713.21 **Delivery Methods**

713.211 By Whom Delivered

Dutiable mail will be delivered by city and rural carriers and by window delivery units.

713.212 PS Form 3849, Delivery Notice/Reminder/Receipt

PS Form 3849, *Delivery Notice/Reminder/Receipt*, is used to notify addressees of the arrival of dutiable mail.

713.22 **Delivery Procedures**

713.221 Charging Delivery Employee

Charge mail and both copies of CBP Form 3419ALT (see 713.11) to the delivery employee on PS Form 2944, *Receipt for Customs Duty Mail*, prepared in duplicate. For control and auditing purposes, enter on PS Form 2944 the mail entry numbers as shown on CBP Form 3419ALT. Retain both copies of PS Form 2944 at the Post Office facility as a record of the employee's accountability.

713.222 Addressee's Examination of Dutiable Mail

Addressees are not permitted to examine the contents of dutiable mail until the duty has been paid.

713.223 Signing Customs Entry Forms

When customs charges are collected and delivery is made, the delivery employee will follow this procedure:

- a. Obtain the addressee's signature and date of delivery on the "Original" copy of CBP Form 3419ALT, as well as on PS Form 3849.
- If appropriate, the delivery employee will scan/enter the mailpiece barcode and enter the corresponding event code in the handheld or POS ONE scanner.
- c. Sign and date the "Addressee Receipt" copy of CBP Form 3419ALT and give it to the addressee as a receipt for the duty paid.
- d. Turn in the amount collected with the signed "Original" copy of CBP Form 3419ALT and signed PS Form 3849. Turn in any undelivered mail with both copies of CBP Form 3419ALT.

713.224 Clearing Delivery Employee

- a. Post Office facilities with 950 or more revenue units. The carrier's accountability will be cleared by a clearing clerk, who will complete both copies of PS Form 2944, prepared pursuant to 713.221, and give them to the carrier. The carrier will deposit the original copy of the form in the slotted and locked receptacle provided for that purpose and file the duplicate copy, which he or she will retain for 3 months after the last day of the month of issue. The original copies of PS Form 2944 can only be removed from the locked receptacle by a supervisor or employee other than the clearing clerk, and must be forwarded daily to the chief accountant or other designated employee. Employees at delivery windows who have been charged with dutiable mail will be similarly cleared but, in addition, will be required to execute a new PS Form 2944 covering all dutiable mail remaining in their custody at the close of business.
- b. At other Post Office facilities. The delivery employee's accountability will be cleared in the same manner as for domestic COD transactions.

Treatment of Inbound Mail 713.233

c. PS Forms 3849. Electronic record management sites will dispatch all signed PS Forms 3849 with mail to be forwarded via pouch to the Computerized Forwarding System (CFS) site serving that office. Manual record management sites will file PS Forms 3849 in the consolidated file by the last two digits of the article number.

713.23 Addressee Protests Duty Charged

713.231 Alternatives Available to Addressee

When an addressee objects to the assessed value, rate, or amount of duty charged, the following alternatives are available:

- Addressee may take delivery, pay the duty and postal fees, and protest (within 90 days from the date duty is paid) directly to the issuing customs port.
- b. Addressee may definitely refuse the mail if he or she does not wish to pay the duty or to protest the duty assessment.
- c. Addressee may conditionally refuse the mail pending review of the entry by the U.S. Customs Service.

Note: Postal Service procedures for alternatives (b) and (c) are described in 713.232 and 713.233.

713.232 Definite Refusal of Dutiable Mail

If the addressee elects alternative (b) in 713.231, the delivery employee will make it clear to the addressee that the mail will be disposed of immediately as undeliverable. Then the delivery employee will mark the mail *Refused*, and date and initial it. If appropriate, the delivery employee will scan/enter the mailpiece barcode and enter the corresponding event code in the handheld or POS ONE scanner. Then the delivery employee will return the mailpiece with both copies of CBP Form 3419ALT (see 713.11) to the Post Office facility for disposal (see 713.51).

713.233 Conditional Refusal of Dutiable Mail

If the addressee elects alternative (c) in 713.231, the Postal Service procedure is as follows:

- a. Delivery employee will advise addressee to submit his or her protest in writing to the postmaster. It should be accompanied by any evidence the addressee may have that will substantiate the claim (i.e., invoice, declaration of value, etc.). The addressee should also provide the CBP Form 3419ALT and any other particulars that will assist in relating the protest to a specific item of mail at the Post Office facility.
- b. Delivery employee will mark the mail "ADDRESSEE PROTESTS DUTY," date and initial the notation, and return the mail with both copies of CBP Form 3419ALT to the Post Office facility to await receipt of the addressee's written protest.
- c. If the addressee's written protest is not received within 5 days after the mail has been returned to the Post Office facility, notify the addressee that the mail is on hand and will be held for only 5 more days. Mark the mail "NOTIFIED" and date it. If the addressee does not furnish the required statement within another week, endorse the mail "UNCLAIMED," and date and treat it as prescribed in 713.3 or 713.5, as appropriate.

713.3 International Mail Manual

d. On receipt of the addressee's written protest, the Post Office facility will promptly:

- (1) Prepare report, in duplicate, on PS Form 2937, *Importer's Objections*.
- (2) Forward original of PS Form 2937, with supporting statements and both copies of CBP Form 3419ALT, to the customs mail division where CBP Form 3419ALT was prepared, unless the addressee is located in the vicinity of one of the customs offices listed in 711.62. In the latter case, the original of PS Form 2937, both copies of CBP Form 3419ALT, and the other documents may be sent to the local customs office for consideration of the protest.
- (3) Retain the mail with the duplicate of PS Form 2937 and await the decision of the customs office. If the customs office requests that the mail be submitted for inspection, it should be forwarded immediately.
- e. If an adjustment is made by the customs officer, he or she will endorse the adjustment on both copies of CBP Form 3419ALT and return them with the original of PS Form 2937 to the postmaster. When the package is delivered, the delivery employee will collect and report the corrected amount of duty and handle as prescribed in 713.46. If the adjusting customs officer waives the duty, the mail will be reported as an uncollected item, as prescribed in 713.52.
- f. If no decision on a protest is received from the customs office within 30 days, request that the matter be expedited. Continue to hold the mail until a decision is received.
- g. Whenever applicable during this process, the mailpiece barcode should be scanned/entered and the corresponding event code entered in the handheld or POS ONE scanner.

713.3 Forwarding or Returning Dutiable Mail

713.31 Forwarding Dutiable Mail Within the U.S.

713.311 Procedures

Forward dutiable mail as prescribed in <u>764.1</u>. Allow CBP Form 3419ALT to remain attached to the redirected mail in its original envelope, which is also redirected to the new address.

713.312 PS Form 3849, Delivery Notice/Reminder/Receipt

- a. *Manual Record Management Sites:* Prepare PS Form 3849 to show the name and address of the addressee, forwarding address, and name of port where the duty was assessed.
- Electronic Record Management Sites: Scan/enter the mailpiece barcode and enter the corresponding event code in the handheld scanner.

713.313 **Disposition of PS Form 3849**

- a. *Manual Record Management Sites:* File PS Form 3849 with other delivery records.
- b. *Electronic Record Management Sites:* Send delivery receipts to the appropriate Computerized Forwarding System (CFS) unit.

Treatment of Inbound Mail 713.41

713.32 Forwarding Dutiable Mail to Another Country

713.321 CBP Form 3419ALT

When dutiable mail is entitled to be forwarded to another country, detach both copies of CBP Form 3419ALT, endorse them "ADDRESSEE MOVED OUTSIDE JURISDICTION OF THE UNITED STATES," and report the mail as an uncollected item, as prescribed in <u>713.52</u>. If applicable, scan/enter the mailpiece barcode and enter the corresponding event code in the handheld scanner.

713.322 Procedures

See 764.2 concerning procedures for forwarding mail.

713.33 Returning Dutiable Mail to Sender

713.331 CBP Form 3419ALT

When dutiable mail is to be returned to the sender, detach both copies of CBP Form 3419ALT; endorse them "REFUSED," "UNCLAIMED," etc.; and report the mail as an uncollected item as prescribed in <u>713.52</u>. If applicable, scan/enter the mailpiece barcode and enter the corresponding event code in the handheld scanner.

713.332 Procedures

See 772 for procedures for returning mail.

713.34 Forwarding or Returning Dutiable Mail by Stations and Branches

Postmasters may authorize stations and branches to forward or return mail directly from those units, without sending the mail to the main office.

713.4 Payment of Duty

713.41 **Duty Rate Information**

Customers desiring information concerning rates of duty or other customs procedures should communicate directly with the nearest customs office (see 711.62) or with:

US CUSTOMS AND BORDER PROTECTION OFFICE OF THE COMMISSIONER DEPARTMENT OF HOMELAND SECURITY 1300 PENNSYLVANIA AVENUE SW WASHINGTON DC 20229-0001

713.42 International Mail Manual

713.42 Prepayment of Customs Duty Abroad

No provision is made for the prepayment abroad of customs duty on mail shipments addressed for delivery in the United States.

713.43 Registration of Items to Be Returned to the United States

713.431 Customs Form 4455, Certificate of Registration

Before sending an item abroad for alterations, repairs, use, or replacement, the owner should submit it to a customs officer for issuance of a *Certificate of Registration* (Customs Form 4455). Otherwise, the package may be subject to a customs duty when it is returned to the United States.

713.432 Certification by Postal Service Personnel

Due to the lack of customs offices in many parts of the country, customers often are unable to have items registered with the U.S. Customs Service before sending them abroad, or are able to do so only after considerable expense and inconvenience. As a service to Postal Service customers, postmasters — or employees they designate — may certify the exportation of items mailed abroad for alteration, repair, use, or replacement under the following conditions:

- a. The customer must live more than 20 miles from a customs office. In addition to those listed in <u>711.62</u>, there are a number of other customs locations throughout the country. A customer who lives within 20 miles of any customs office must have the item certified by a customs officer.
- b. The customer must present the items to be exported in an open state. The package must be accompanied by an original and duplicate copy of Customs Form 4455, which is completed and signed by the sender, and a customs declaration form(s) appropriate to the class of mail. (See 123 for declaration requirements.) Customers may obtain Customs Form 4455 from any customs office.
- c. The postmaster or designated Postal Service employee must check to see that the description of the item to be exported is the same on both Customs Form 4455 and the customs declaration form. If the description is the same, he or she certifies to the mailing (lading) by completing the "Signature of Customs Officer" space on both copies of Customs Form 4455. A Certificate of Mailing fee (see Notice 123, Price List) must be charged and accounted for by affixing postage stamps to the original and duplicate copies of Customs Form 4455 and canceling each stamp with the Post Office date stamp.
- d. Both copies of Customs Form 4455 must be returned to the customer. The customer must insert the original in the package so that the foreign addressee can return it with the merchandise. The customer should retain the duplicate for possible use in clearing the merchandise upon its return.
- e. After the customer has inserted the original Customs Form 4455, he or she must secure and seal the package and return it to the acceptance employee, who will handle it in the usual manner.

Treatment of Inbound Mail 713.522

713.44 Return of Audio-Visual Materials

Customs Form 3311, *Declaration for Free Entry of Returned American Products and/or Certificates of Exportation,* should accompany outbound shipments of educational films sent to foreign addressees on a loan or rental basis. By enclosing Customs Form 3311, the mailer is indicating that the contents of the shipment are eligible for duty-free handling and classification upon reentry into the United States. This procedure is applicable to shipments of educational films valued at \$250 or less, which have been produced in the United States and are returned through the mail by foreign consignees. Customs Form 3311 can be obtained at any Customs Service office.

713.45 Assessment of Duty in Foreign Countries

The assessment of customs duty in foreign countries is outside the control of the U.S. Postal Service. Postal Service employees must not attempt to inform customers whether any items — either gifts or commercial shipments — will be subject to customs duty. It may be suggested to customers, however, that they inform the addressee before they mail so that the latter may determine whether those items are dutiable. No provision is made for prepayment of customs duty on mail addressed for delivery in foreign countries.

713.46 Recording and Reporting Collections

Post Office facilities making delivery/collection of dutiable mail must follow the recording and reporting procedures in Handbook F-101, *Field Accounting Procedures*, subchapter 7-2.

713.5 Treatment of Uncollected Items

713.51 **Disposal of Uncollected Items**

When it is definitely established that a dutiable package is undeliverable, detach both copies of CBP Form 3419ALT (see <u>713.11</u>) and treat the package as prescribed in <u>770</u>. Mark the mail entry forms to show the reason for nondelivery, and report as prescribed in <u>713.52</u>.

713.52 Reporting of Uncollected Items

713.521 PS Form 2933, Register of Uncollected Customs Charges

Complete PS Form 2933, *Register of Uncollected Customs Charges,* in duplicate, listing uncollected items in numerical order according to the seven-digit serial number on CBP Form 3419ALT.

713.522 **Disposition of PS Form 2933**

Forward the original PS Form 2933, with both copies of CBP Form 3419ALT, to the following address:

US CUSTOMS AND BORDER PROTECTION MAIL ENTRY 6650 TELECOM DR STE 100 INDIANAPOLIS IN 46278-0001

713.523 International Mail Manual

If supporting Customs Form 3342, Declaration for Free Entry of Gifts and/or Authorization to Postmaster to Deliver Mail Importation Conditional Free of Duty, or other statements are necessary, they must be forwarded with the original PS Form 2933 and copies of the CBP Form 3419ALT to the Regional Commissioner of Customs.

713.523 Filing of PS Form 2933, Register of Uncollected Customs Charges

File duplicate PS Form 2933 for reference purposes.

713.524 **Reports**

Prepare reports as needed, but not less frequently than weekly.

713.53 Past-Due Entries

When the U.S. Customs Service fails to receive a remittance of duty or a report of disposition made of a dutiable package, the postmaster will receive a set of reproduced copies of CBP Form 3419ALT. In this circumstance, a search should be made at the Post Office of address and a report of its findings made to the Regional Commissioner of Customs at the address shown in 713.522.

713.54 **Detached Customs Mail Entries**

When a detached CBP Form 3419ALT is found, attempt to locate the related package and attach the form to it. If the package cannot be located, send CBP Form 3419ALT to the following address:

US CUSTOMS AND BORDER PROTECTION MAIL ENTRY 6650 TELECOM DR STE 100 INDIANAPOLIS IN 46278-0001

713.6 Refund of Customs Duty

713.61 Action by Postmaster

713.611 **General**

Amounts collected on CBP Form 3419ALT are *not* refundable by postmasters. An addressee who requests a refund of duty should be advised to make application to the customs office that issued the mail entry forms *within 90 days* from the date the duty is paid. If a refund is claimed for damage, it is suggested that the package be forwarded with the application. Any addressee wishing to abandon the package to the government should so state in the application.

713.612 Addressee's Request for Refund

If the addressee wishes to request a refund of duty from the Customs Service and intends to file an indemnity claim with the Postal Service, he or she must present the contents, container, and complete wrapping to the postmaster for the inspection in conjunction with the preparation of PS Form 2855, *International Claim for Indemnity*. Following this inspection, the postmaster accepting the claim will provide the claimant with a statement to the effect that:

 The Postal Service has accepted the damage claim and has received the abandoned merchandise;

Treatment of Inbound Mail 713.624

b. The package and its wrapper and contents with no commercial value have been presented to and retained by the Postal Service; and

c. The documents, including the customer's yellow receipt copy of CBP Form 3419ALT, indicated that customs duty in the stated amount was paid by the customer.

Note: This statement, which is to be provided to the customer by the postmaster, is to accompany the customer's application to the Customs Service for refund of duty. If this statement accompanies the application, the presentation of the abandoned articles is not required by the Customs Service.

713.62 Refunds by Customs Service

713.621 Refund of Duty on Abandoned Merchandise

A request for refund of duty paid will be considered by the Customs Service when merchandise covered by CBP Form 3419ALT is abandoned, provided:

- a. The abandoned merchandise represents five percent or more of the total value of all merchandise of the same class or kind entered in the invoice in which the item appears.
- b. The abandoned merchandise is delivered to the customs office where the CBP Form 3419ALT was issued within 90 days of the date of delivery (unless the Secretary of the Treasury authorizes a longer time in writing).

713.622 Refund of Duty on Returned Merchandise

The refund of duty paid "less 1 percent" will be considered by the Customs Service when merchandise covered by CBP Form 3419ALT is returned, provided:

- The returned merchandise does not conform to the sample or specification, or has been shipped without the consent of the consignee.
- The returned merchandise is delivered to Customs Service custody for exportation within 90 days of the date of delivery (unless the Secretary of the Treasury authorizes a longer time in writing).

Note: The addressee must pay the postal charges incident to returning the merchandise to the sender.

713.623 Refund of Duty on Goods Lost En Route

730 Shortpaid Mail to the United States

731 Computation of Postage Due

- a. The postal service of the country of origin identifies and marks shortpaid mail with a T stamp. Next to the T is a fraction that consists of the amount of postage deficiency (expressed in its own currency) divided by the country's international surface letter price at the first increment.
- The receiving exchange office in the United States multiplies the
 T fraction by the U.S. First-Class Mail International letter price to
 determine the short paid amount in U.S. currency. This amount, plus a
 \$0.50 handling charge, accounts for the postage-due amount to be
 collected on delivery. The postage-due formula is as follows:

732 International Mail Manual

shortpaid amount International letter price of postage to U.S.

X First-Class Mail International price

- = Postage deficiency in U.S. currency
- + \$0.50 handling charge
- = Postage due amount
- c. The receiving exchange office in the U.S. will imprint stock rubber stamp R-1300-4, *Postage Due...Cents*, and enter the amount of postage due.
- d. The delivery office will collect postage-due mail in accordance with DMM 604 and Handbook F-1, *Post Office Accounting Procedures*.

732 Shortpaid Letters and Cards From Canada

Shortpaid mail from Canada is marked with a T in a circle with the actual amount to be collected entered in the circle. No handling charge is assessed or collected on shortpaid mail from Canada.

733 Shortpaid Items Bearing U.S. Postage

If an item bears U.S. postage, the delivery office must allow credit for its value when postage due is collected.

740 Irregular Mail

741 Invalid Foreign Postage

A foreign originating mailpiece, which bears invalid postage and is accompanied by a letter of explanation from the origin postal administration, is to be rated as an unpaid postal item. Under those circumstances, the addressee should be asked to (1) pay the requisite postage due; (2) disclose the sender's name and address; and (3) surrender the envelope. After the mailpiece has been tendered to the addressee, the delivery Post Office facility should send the envelope (or the entire article, if refused by the addressee) with the letter of explanation and the sender's name and address (if disclosed by the addressee) to:

742 Stamps Not Affixed

742.1 **Marking**

Some items of foreign origin do not bear postage stamps, but instead are marked "POSTAGE PAID," "ON POSTAL SERVICE," "SERVICE DES POSTES," "TAXE PERCUE" or "TP," or "PORT PAYE" or "PP," followed by postmark. The marking *On Her Majesty's Service* or *O.H.M.S.* is also sometimes used. Treat this mail as prepaid.

742.2 Parcels Without Postage Stamps

Some foreign post offices do not put postage stamps on parcels. All such parcels received must be regarded as prepaid.

743 Parcels Addressed Through Banks or Other Organizations

743.1 Notification of Arrival

If a parcel is addressed to a bank or other organization for delivery to a second addressee, the Post Office facility will notify both addressees of the arrival of the parcel and will then deliver it to the first addressee, or hold it if the first addressee so requests. If the parcel is held, the Post Office facility will deliver it to the second address only with written permission from the first addressee, unless the sender has arranged for a change of address. If delivery to the second addressee involves forwarding the parcel to another Post Office facility, the parcel will be subject to forwarding postage as provided in 764.13. In all cases, electronic record management sites will scan/enter the mailpiece barcode and enter the corresponding event code in the handheld scanner.

743.2 Filing Authorization

After delivery to the second addressee, the Post Office facility will keep the first addressee's written authorization for 1 year, in case of inquiry. Authorizations will be filed as follows:

- a. For insured parcels: with addressees' receipts.
- b. For uninsured parcels: in any appropriate place.

744 Foreign Dispatch Notes

744.1 **Delivery Instructions**

If parcels are received at delivery offices with dispatch notes (bulletin d'expedition) attached, deliver these notes with the parcels. Although dispatch notes have a space provided for the addressee's acknowledgment of receipt, they do not require signature. They must not be confused with foreign return receipts (avis de reception), which are completed as prescribed in 753.1.

744.2 International Mail Manual

744.2 Undeliverable Parcels

If a parcel is returned as undeliverable, the Post Office facility will mark the dispatch note as well as the wrapper to show the reason for nondelivery and leave the dispatch note attached to the parcel.

744.3 Dispatch Notes Not Associated With Parcels

Dispatch notes that cannot be associated with accompanying parcels may be disposed of as waste.

Shipments valued at no more than U.S. \$50 are duty free and are delivered to the addressee; shipments above U.S. \$50 can be picked up at the post office upon payment of import duties. Imports that are prohibited or subject to special regulations must comply with applicable Brazilian government provisions. Identical shipments from the same source to the same person or address in Brazil within a 90 day period are considered part of the same shipment and may be subject to confiscation. Other merchandise that usually enters duty free includes items such as newspapers, maps, books, and magazines.
- 4. Shipments for which an import permit has not been issued are considered contraband and confiscated.

- 5. Shipments that do not indicate the applicable postage and fees on PS Form 2976-A will hinder the customs clearance process, causing delays to clear the items.
- 6. Used consumer goods may only be sent to charitable organizations that are recognized by the Brazilian government as being entities which serve the public interest.

One copy of the invoice should be sent to the post office of destination. A note must be made on each package of the number of books contained therein, its weight and the total number of packages comprising the shipment.
- Packages must be addressed directly to the addressee, as the Colombian regulations do not permit customs entry to be effected by anyone except the addressee or an authorized representative.
- 5. Each shipment valued at \$20 or less requires two copies of the sender's commercial invoice, one of which must be enclosed in the parcel and the other sent under separate cover to the addressee. Consular legalization is not needed but the invoice must include a declaration of origin of the merchandise, in Spanish, reading as follows:

"Certificamos bajo juramento que los precios de esta factura son los mismos que cargamos al cliente y que la mercancia a que se refiere esta misma factura es originaria de (Country of Origin). En fe de lo expuesto firmamos la presente declaracion en (City, State) (Day) de (Month) de (Year) (Signature of shipper)".

(Translation: We certify under oath that the prices in this invoice are the same that we charge our customers, and that the merchandise in this same invoice comes from (Country of origin). In faith of which we sign the present declaration at (City, State), on (Date).

6. For shipments valued over \$20, the sender must have a copy of his or her commercial invoice legalized by a Colombian Consulate, and must prepare 4 copies of a consular invoice, one of which must be sent direct to the addressee with the legalized commercial invoice.

- 7. The addressees in Colombia are required in most cases to obtain import licenses in order to secure delivery of shipments. For shipments exceeding \$20 in value the addressee is required to send a copy of the import license to the sender, who must submit it to the Colombian Consul when obtaining the consular invoice. If a sender receives a copy of a Colombian import license for a parcel whose value does not exceed \$20, he or she must return it to the addressee in Colombia.
- Consular invoice forms may be obtained and commercial invoices legalized at Colombian Consulates, which are located in principal cities of the United States.

Cuba

Country Conditions for Mailing

Mail service is limited to First-Class Mail International items, First-Class Package International Service items, International Priority Airmail (IPA) items, International Surface Air Lift (ISAL) items, and Priority Mail International Flat Rate Envelope and Small Flat Rate Priced Boxes items. Priority Mail International parcel service is not available.

The Office of Foreign Assets Control (OFAC) of the U.S. Department of the Treasury administers sanctions that restrict the mailing of items to certain destinations and recipients, including a broad sanctions program against Cuba. Prior to mailing any items to Cuba, mailers should refer to IMM 510 or access www.treas.gov/ofac for additional information.

In addition, prior to mailing, mailers mailing gift parcels and humanitarian donations must abide by the rules in 15 CFR § 740.12, or with the rules for consumer communications devices, computers, and software in 15 CFR § 740.19, which can be accessed at www.gpoaccess.gov/cfr. The maximum weight is 4 pounds. Items containing goods may be confiscated upon entering Cuba or returned to sender.

Generally (and consistent with 15 CFR § 740.12 and § 740.19), the following standards apply when mailing goods to Cuba:

Gift Parcels

Eligible Gift Parcels to Cuba

Eligible gift parcels for Cuba may include any of the following: food (including vitamins); medicines; medical supplies and devices (including hospital supplies and equipment and equipment for the handicapped); receive-only radio equipment for reception of commercial/civil AM/FM and short wave publicly available frequency bands, and batteries for such equipment; clothing; personal hygiene items; seeds; veterinary medicines and supplies; fishing equipment and supplies; soap-making equipment; and all other items of a type normally sent as gifts between individuals (including consumer communications devices, computers, and software as described below and in 15 CFR § 740.19(b)) except for certain items prohibited under U.S. Department of Commerce regulations (described below). Items in gift parcels must be in quantities normally given as gifts between individuals.

Note: A digital camera within the value limit (see "Value" below) may be an appropriate gift. However, subsequent shipments of the same item to the same recipient would not be a gift normally given between individuals.

Note: Even if Commerce Department regulations permit an article to be sent out of the United States in a gift parcel, the article might still be subject to a Cuban import prohibition or other prohibition. Accordingly, articles included in gift parcels may be subject to detention or seizure upon arrival in Cuba.

Export and Shipping Requirements

A gift parcel must be sent directly to the recipient by the individual donor or for such donor by a commercial or other gift-forwarding service or organization. Each gift parcel must show, on the outside wrapper, the name and address of the donor, as well as the name and address of the recipient, regardless of whether sent by the donor or by a forwarding service. Each parcel must have the notation "GIFT—Export License Not Required" written on the address side of the package and the symbol "GFT" written on any required customs declaration.

Prohibited Items

Items not eligible for inclusion in gift parcels as listed in 15 CFR § 740.12(a).

All items included on the Commerce Control List (15 CFR Part 774), other than consumer communications devices, computers, and software.

Military wearing apparel, regardless of whether all distinctive U.S. military insignia, buttons, and other markings are removed.

Gold bullion, gold taels, and gold bars.

Items listed under the general listing of prohibitions below.

Frequency

Except for gift parcels of food, not more than one gift parcel may be sent from the same donor to the same recipient in any one calendar month. There is no frequency limit on gift parcels of food to Cuba.

Parties seeking authorization to exceed the frequency limit due to compelling humanitarian concerns (e.g., for certain gifts of medicine) should submit a license application, with complete justification, to the Commerce Department, Bureau of Industry and Security, in accordance with 15 CFR §§ 748.1, 748.4, and 748.6.

Value

The combined total domestic retail value of all commodities in a single gift parcel may not exceed \$800. This limit does not apply to food sent in a gift parcel.

Note: Although Commerce Department regulations provide an \$800 maximum limit for these items, the total value for each First-Class Mail International, International Priority Airmail, First-Class Package International Service, International Surface Air Lift, and Priority Mail International Flat Rate Envelope and Small Flat Rate Priced Boxes item cannot exceed \$400.

Eligible Recipients

A gift parcel may be sent to any individual or a religious, charitable, or educational organization for the use of the recipient or the recipient's immediate family (and not for resale). The gift parcel must be provided free of charge to the recipient. However, payment by the recipient of any handling charges or of any fees levied by Cuba (e.g., import duties, taxes, etc.) is not considered to be a cost to the recipient for purposes of this definition of gift parcel.

Ineligible Recipients

No gift parcel may be sent to any of the following officials of the Cuban government: ministers and vice-ministers; members of the Council of State; members of the Council of Ministers; members and employees of the National Assembly of People's Power; members of any provincial assembly; local sector chiefs of the Committees for the Defense of the Revolution; director generals and sub-director generals and higher of all Cuban ministries and state agencies; employees of the Ministry of the Interior (MININT); employees of the Ministry of Defense (MINFAR); secretaries and first secretaries of the Confederation of Labor of Cuba (CTC) and its component unions; chief editors, editors, and deputy editors of Cuban state-run media organizations and programs, including newspapers, television, and radio; or members and employees of the Supreme Court (Tribuno Supremo Nacional).

Humanitarian Donations

Eligible Humanitarian Donations to Cuba

- Articles eligible for inclusion in humanitarian donation items to Cuba must meet basic human needs, which are defined as those requirements essential to individual well-being: health, food, clothing, shelter, and education. These needs are considered to extend beyond those of an emergency nature and those that meet direct needs for mere subsistence.
- Items must be provided free of charge to the beneficiary.

 However, the payment by the beneficiary of normal handling charges or fees levied by Cuba (e.g., import duties, taxes, etc.) is not considered to be a cost to the beneficiary.
- Eligible commodities and software are those listed in Supplement No. 2 to 15 CFR Part 740: equipment for the handicapped; hospital supplies and equipment; laboratory supplies and equipment: medical supplies and devices: medicine-processing equipment; medicines; vitamins; water resources equipment; food; agricultural materials and machinery suited to small-scale farming operations; agricultural research and testing equipment; fertilizers; fishing equipment and supplies suited to small-scale fishing operations; insecticides; pesticides; seeds; small-scale irrigation equipment; veterinary medicines and supplies; bedding; clothes; cooking utensils; fabric; personal hygiene items; soap-making equipment; weaving and sewing equipment; building materials; hand tools; books; individual school supplies; school furniture; special education supplies and equipment for the handicapped; and generators, office supplies, audio-visual aids for training, and equipment necessary to operate and administer the donative program.

Export and Shipping Requirements

- Each humanitarian donation must show on the outside wrapper the name and address of the donor, as well as the name and address of the recipient, regardless of whether sent by the donor or by a forwarding service.
- Each parcel must have the notation "GIFT—Export License Not Required" written on the address side of the package and the symbol "GFT" written on any required customs declaration.

Eligible Donors

Eligible donors are U.S. charitable organizations that have an established record of involvement in donation programs and experience in maintaining and verifying a system of distribution to ensure delivery of commodities and software to the intended beneficiaries. The donor organization must keep records containing certain information, in accordance with 15 CFR § 740.12(b)(7).

Eligible Recipients

Humanitarian donations may be sent to groups or organizations that have experience in maintaining a verifiable system of distribution that ensures delivery to intended beneficiaries of items that meet basic human needs.

Perishable noninfectious substances.

Playing cards.

Publications, drawings, photographs, records, sheets of music, etc., contrary to the State public order.

Radioactive materials.

Restrictions

Coins; paper money; securities and other paper values of any kind; as well as savings-bank booklets; and unmanufactured gold, silver, and platinum may be imported only by authorization of the State Bank.

Gift shipments must be sent by private individuals. Those sent by commercial firms are not admitted.

Import permits are required for gift shipments exceeding three per year for one addressee, or for any shipment exceeding 3,000 Czech Republic crowns in value. Permits may be issued to addressees or withheld at the discretion of the customs authorities after the shipment arrives.

Medicines are admitted provided the addressee is in possession of an import permit granted by the Czech Republic health authorities.

Philatelic articles and stamps exchanged between member philatelists must not exceed 1,000 Czech Republic crowns in any calendar year. Gift packages containing philatelic articles are restricted to 3 per year and the shipment cannot exceed a total of 100 stamps or philatelic articles and 100 Czech Republic crowns in value.

Observations

- 1. Import licenses and quantity restrictions are applicable for many articles sent to the Czech Republic. Therefore, senders should ascertain from the addressee before mailing whether the contents are permitted and whether the necessary documents are held.
- 2. Gift shipments for the personal use of the addressee or the addressee's family do not require an import permit if the contents do not exceed 5,000 Czech Republic crowns. When the total exceeds 2,000 Czech Republic crowns, the addressee must provide a gift certificate authenticated by an authorized agent in that country. Czech Republic customs decides the value of the contents on the basis of internal prices of identical articles.
- 3. Articles imported in postal items are exempt from customs duties if their total value does not exceed 300 Czech Republic crowns.

Restrictions

Addressees in India are required to obtain import licenses for all goods except those intended for their personal use and not exceeding 100 rupees in value. If the license is not obtained when required, the articles are considered as prohibited.

Commercial shipments of tobacco, manufactured or not may only be sent to licensed importers or wholesalers.

Observations

- In India, a very small number of articles is admitted free of customs duty and the tariffs of these duties vary considerably. The general rate of import duty is 30 percent but many articles are liable to a higher rate.
- 2. Import duty is chargeable even if the articles are received as free gifts. The fact that goods are old or second-hand or gifts or articles intended for personal use does not entitle them per se to exemption from import duty. However, the collection of duty is waived in cases where the total duty on a shipment does not exceed 3 rupees. Books and magazines are generally exempt from import duty.
- Shipments can be more speedily released if their contents and value are clearly and correctly declared by the sender.
- Insured Priority Mail International parcels addressed to the post office boxes of Draw, Kargil and Leh in the State of Kashmir are not accepted from November 1 to May 31.

Meat or meat products and fish and fish products are admitted only conditionally.

Merchandise for the addressee's personal use, not for his or her business or professional use or for sale or trade, and not exceeding 20 New Zealand dollars in value.

Each commercial shipment must be covered by a commercial invoice showing the current domestic price of the goods (that is, what the price would be if sold in the United States) and the selling price to the purchaser in New Zealand. The invoice must include a certificate as to the value of the goods, prepared in prescribed form, and signed by the shipper. Printed blanks for the invoice and certificate can be purchased from printing firms specializing in such supplies.
- The completed invoice must be sent to the addressee by First-Class Mail International. It is desirable to send one copy by air and another by ordinary means.

Gift shipments must be sent by private individuals. Those sent by commercial firms are not admitted.

Import permits are required for gift shipments exceeding three per year for one addressee, or for any parcel exceeding 3,000 Slovak Republic crowns in value. Permits may be issued to addressees or withheld at the discretion of the customs authorities after the shipment arrives.

Medicines are admitted provided the addressee is in possession of an import permit granted by the Slovak Republic health authorities.

Philatelic articles and stamps exchanged between member philatelists must not exceed 1,000 Slovak Republic crowns in any calendar year. Gift packages containing philatelic articles are restricted to 3 per year and the shipment cannot exceed a total of 100 stamps or philatelic articles and 100 Slovak Republic crowns in value.
