Since 1969, the Voluntary Benefits Plan has worked very closely with the Union to bring insurance services to the members. The program started with the Manhattan Bronx Area Local which later became the New York Metro Area Local.

In 1986, under the direction of President Moe Biller, Executive Vice President William Burrus and Secretary Treasurer Doug Holbrook, the Voluntary Benefits Plan began offering quality, affordable insurance benefits and other services to members of the American Postal Workers Union nationwide.

Over the past 28 years, the Voluntary Benefits Plan has grown to offer over a dozen benefit programs and expanded to cover Active, Retired, Associate, PSE and Private Sector dues-paying members.

Today, we continue to work at the direction of President Mark Dimondstein, Executive Vice President Debbie Szeredy and Secretary Treasurer Elizabeth Powell to be certain that the products and our service are the best in the industry.

The Voluntary Benefits Plan provides over $500,000 per year in financial benefits to the Union and the members in the form of Scholarships, Event Sponsorships, direct revenue to the APWU from the APWU MasterCard and even some benefits to all members at no cost to the members or to the union.

Each of these efforts saves the Union and the members money.

These efforts include the following:

- Educational Scholarships to APWU – up to $50,000 per year
- Sponsorships for State and National conventions – up to $100,000 per year
- Discounted premiums for APWU Health Plan members in the Dental Plan – over $115,000 per year
- Providing all Retiree Department members with $5,000 of Accidental Death Coverage at no cost – over $85,000 per year
- All APWU members receive our Member Assistance Plan, a cost savings of over $50,000

For more information, including costs, exclusions, limitations and terms of coverage, please contact the Plan Administrator. Plans may vary or may not be available in all states.
