SUBJECT: Change of Domicile from San Francisco plant to Burlingame facility

Pursuant to Article 19 of the Collective Bargaining Agreement, this letter serves as notification of the Postal Service's intent to move the San Francisco field maintenance (FMO) staff out of the San Francisco plant into the Burlingame facility effective 7/13/2024.

The reason for this change in domicile is due to the size of the San Francisco facility which causes FMO employees to spend a substantial portion of time walking to and from the manager's office to retrieve and return their assignments. Also, there is no available space for the employees to accomplish any tasks other than the manager's office.

Burlingame is approximately 10 miles away. It is a facility that will provide working space for the FMO employees and increase their productive time.

As stated above, this will result in a change to the domicile location of the FMO employees; however, it is the same bid cluster.

Current Domicile:

1300 Evans Avenue
San Francisco, CA 94188

New Domicile:

1625 Rollins Road
Burlingame, CA 94010

The employees bid schedule start time will not change; their bid SDO schedule will remain the same as well.
